"FROSTY" PRESIDES OVER WINTER. This towering snowman, which dominates the front yard of the Tom Haley residence, 664 Main Street, seems to be presiding over the first heavy snowfall of the season. Old Man Winter came to Antioch about a week before his officially scheduled arrival and dumped eight inches of snow Thursday. Several more inches were added over the weekend. (Staff photo)

Schools lengthen Christmas vacation

Students in the Antioch-Lake Villa-Lindenhurst area have the energy crisis to thank for an extended Christmas vacation. It is likely that all schools in the area will be closed at the end of the day December 21, to re-open on the morning of Monday, January 7.

According to school superintendents or principals for Antioch Grade Schools (Dist. 34), Emmons (Dist. 33), Grass Lake (Dist. 36), Antioch Community High School (Dist. 117), and St. Peter's School, an official decision has already been made to extend the holiday vacation.

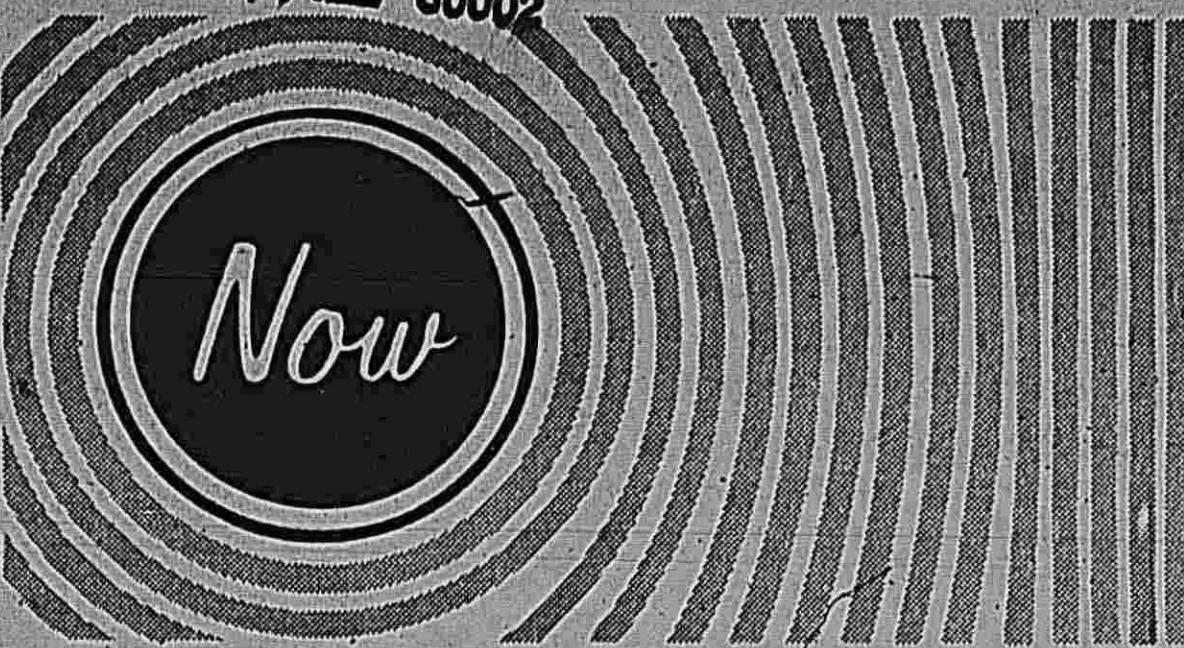

The original calendars for these schools had students returning on Thursday, January 3. However, in order to

conserve some of the fuel that would be used to heat up the buildings for the two days at the end of the week, the vacation has been lengthened.

Superintendent Palombi of the Lake Villa Grade Schools (Dist. 41) stated that the Board was to meet Tuesday evening, and he planned to ask them to extend the vacation. Palombi offered to bet \$5 that the Board will go along with the other area schools; however, it should be noted that this does not constitute official action until the Board makes its own decision.

The principal at Prince of Peace School in Lake Villa said that that school will go

Stage set for future Village projects

The Antioch Village Board laid the groundwork for several projects proposed for coming months or years at its last meeting of the year, Monday night, December 17.

Trustee Irv Walsh reported that his committee had decided to designate a specific routing and method of financing for a storm sewer to serve the Oakwood Knolls area. The storm sewer, which has been under discussion for some time, would extend generally from Maplewood Drive, in the southern end of Oakwood Knolls, across North Avenue to the northeast corner of the Curnes property, between Garys Drive and Anita Avenue. It would alleviate flooding conditions, especially bothersome now after heavy storms.

Walsh proposed that the construction be financed with \$50,000 from the General Fund, \$45,000 of Revenue Sharing funds, and \$15,000 from Motor Fuel Taxes. The full Board voted to accept the committee recommendations as to routing and financing, and to authorize the mayor and clerk to seek State approval for the use of Motor Fuel Tax monies for the project. Village Clerk Marilyn Sterbenz predicted that bids would be sought as soon as final engineering drawings can be prepared and the State approval granted.

Applications were also signed at the meeting, with Board approval, for various permits required in connection with the planned repair of the Sequoia Creek enclosure under Main Street and the extension of a sanitary sewer on Main Street.

Village Attorney Andrew

Lynch explained to the trustees why he was recommending that the Village abandon its current condemnation suit regarding the Nelson property on Orchard Street next to the municipal and shopping plaza parking lots. Lynch stated that there are conflicts between the various legal descriptions of the property. If the current suit is won on this basis, Lynch said, it could open the Village to possible appeals and further delay or reversal of the ruling. Lynch will seek to initiate new proceedings after the difficulties are worked out.

Mayor Robert Wilton pointed out that the appraisals on which the condemnation suit is based are "at least four years old." He asked the attorney if new appraisals would be in order. Lynch agreed that such action might be worthwhile.

At this point, Wilton suggested that -- looking ahead to the need for more parking in the business area -- it might be a good idea to seek appraisals of all five pieces of property along the south side of Orchard Street, between Broadway and the plaza.

Trustee Bill Seemann expressed agreement, saying that, since he had been in Antioch the thrust seemed to be to encourage the growth of local businesses on which the life of the Village depended. If such a policy is not continued, he warned, the village might not continue to survive.

Lynch pointed out that if actual condemnation proceedings were initiated against the properties in question, the Village had better have funds available to complete purchase of them, to which both Mayor Wilton and Clerk Sterbenz

replied that such monies are not available now.

At Wilton's suggestion, a motion was approved to investigate the cost of having the five parcels appraised.

Lynch also presented the draft of an ordinance to adopt an official map and proposed standards governing developments within one-and-a-half miles of the village limits. Such a "skeleton comprehensive plan" would meet the minimum requirements of State law, in order to give the Village Board jurisdiction over developments within the mile-and-a-half limit. A public hearing will be held at 7:30 p.m. January 7, 1974 on the proposed ordinance. If approved, the Village's professional planner has indicated that his firm will prepare the necessary maps and standards for an addition to the contract fee of no more than \$1,000.

Earlier in the meeting, Haley quizzed the attorney about the procedure required for codification of Village ordinances. At present, each ordinance in the Village is a separate matter, except for the Zoning Ordinance and the Subdivision Ordinance. Such a situation makes it difficult to determine -- without an extensive search -- what is legal or illegal in the village.

Lynch revealed that some work is being done now to sort out the Liquor laws and pointed, also, to the proposed PUD Ordinance as another example of steps being taken toward codification.

Codifying all the laws, though highly desirable, Lynch said, is an immensely compli-

Community Christmas Tree nets \$95 donations

We're taking a holiday break

brought to the office on January 3.

The offices of the ANTIOCH NEWS will be closed from 2:00 p.m., Monday, December 24, until 8:30 a.m., Thursday, January 3, while the staff takes a holiday break. Consequently, there will be no issue of the paper published on January 2, 1974.

Any news or information for the January 9 issue of the NEWS should be mailed to P.O. Box S, Antioch, or

The December 26 issue of the ANTIOCH NEWS will be our special holiday greeting issue. After the Christmas rush, our readers can take time out to relax with their hometown newspaper, reading the many holiday greetings from area merchants and businessmen extended through the NEWS.

Merry Christmas to one and all.

Donations totalling \$95 have been made through the ANTIOCH NEWS Community Christmas Tree. The contributions were given by local residents in lieu of Christmas cards and postage.

The names of those contributing through the project are "hung" as ornaments on the Christmas Tree, on page 2 of this paper.

Checks for \$82 to the Antioch Rescue Squad and \$13 to the Fire Department Garland Fund will be sent in the near future.

This is the first year for the ANTIOCH NEWS Community Christmas Tree.

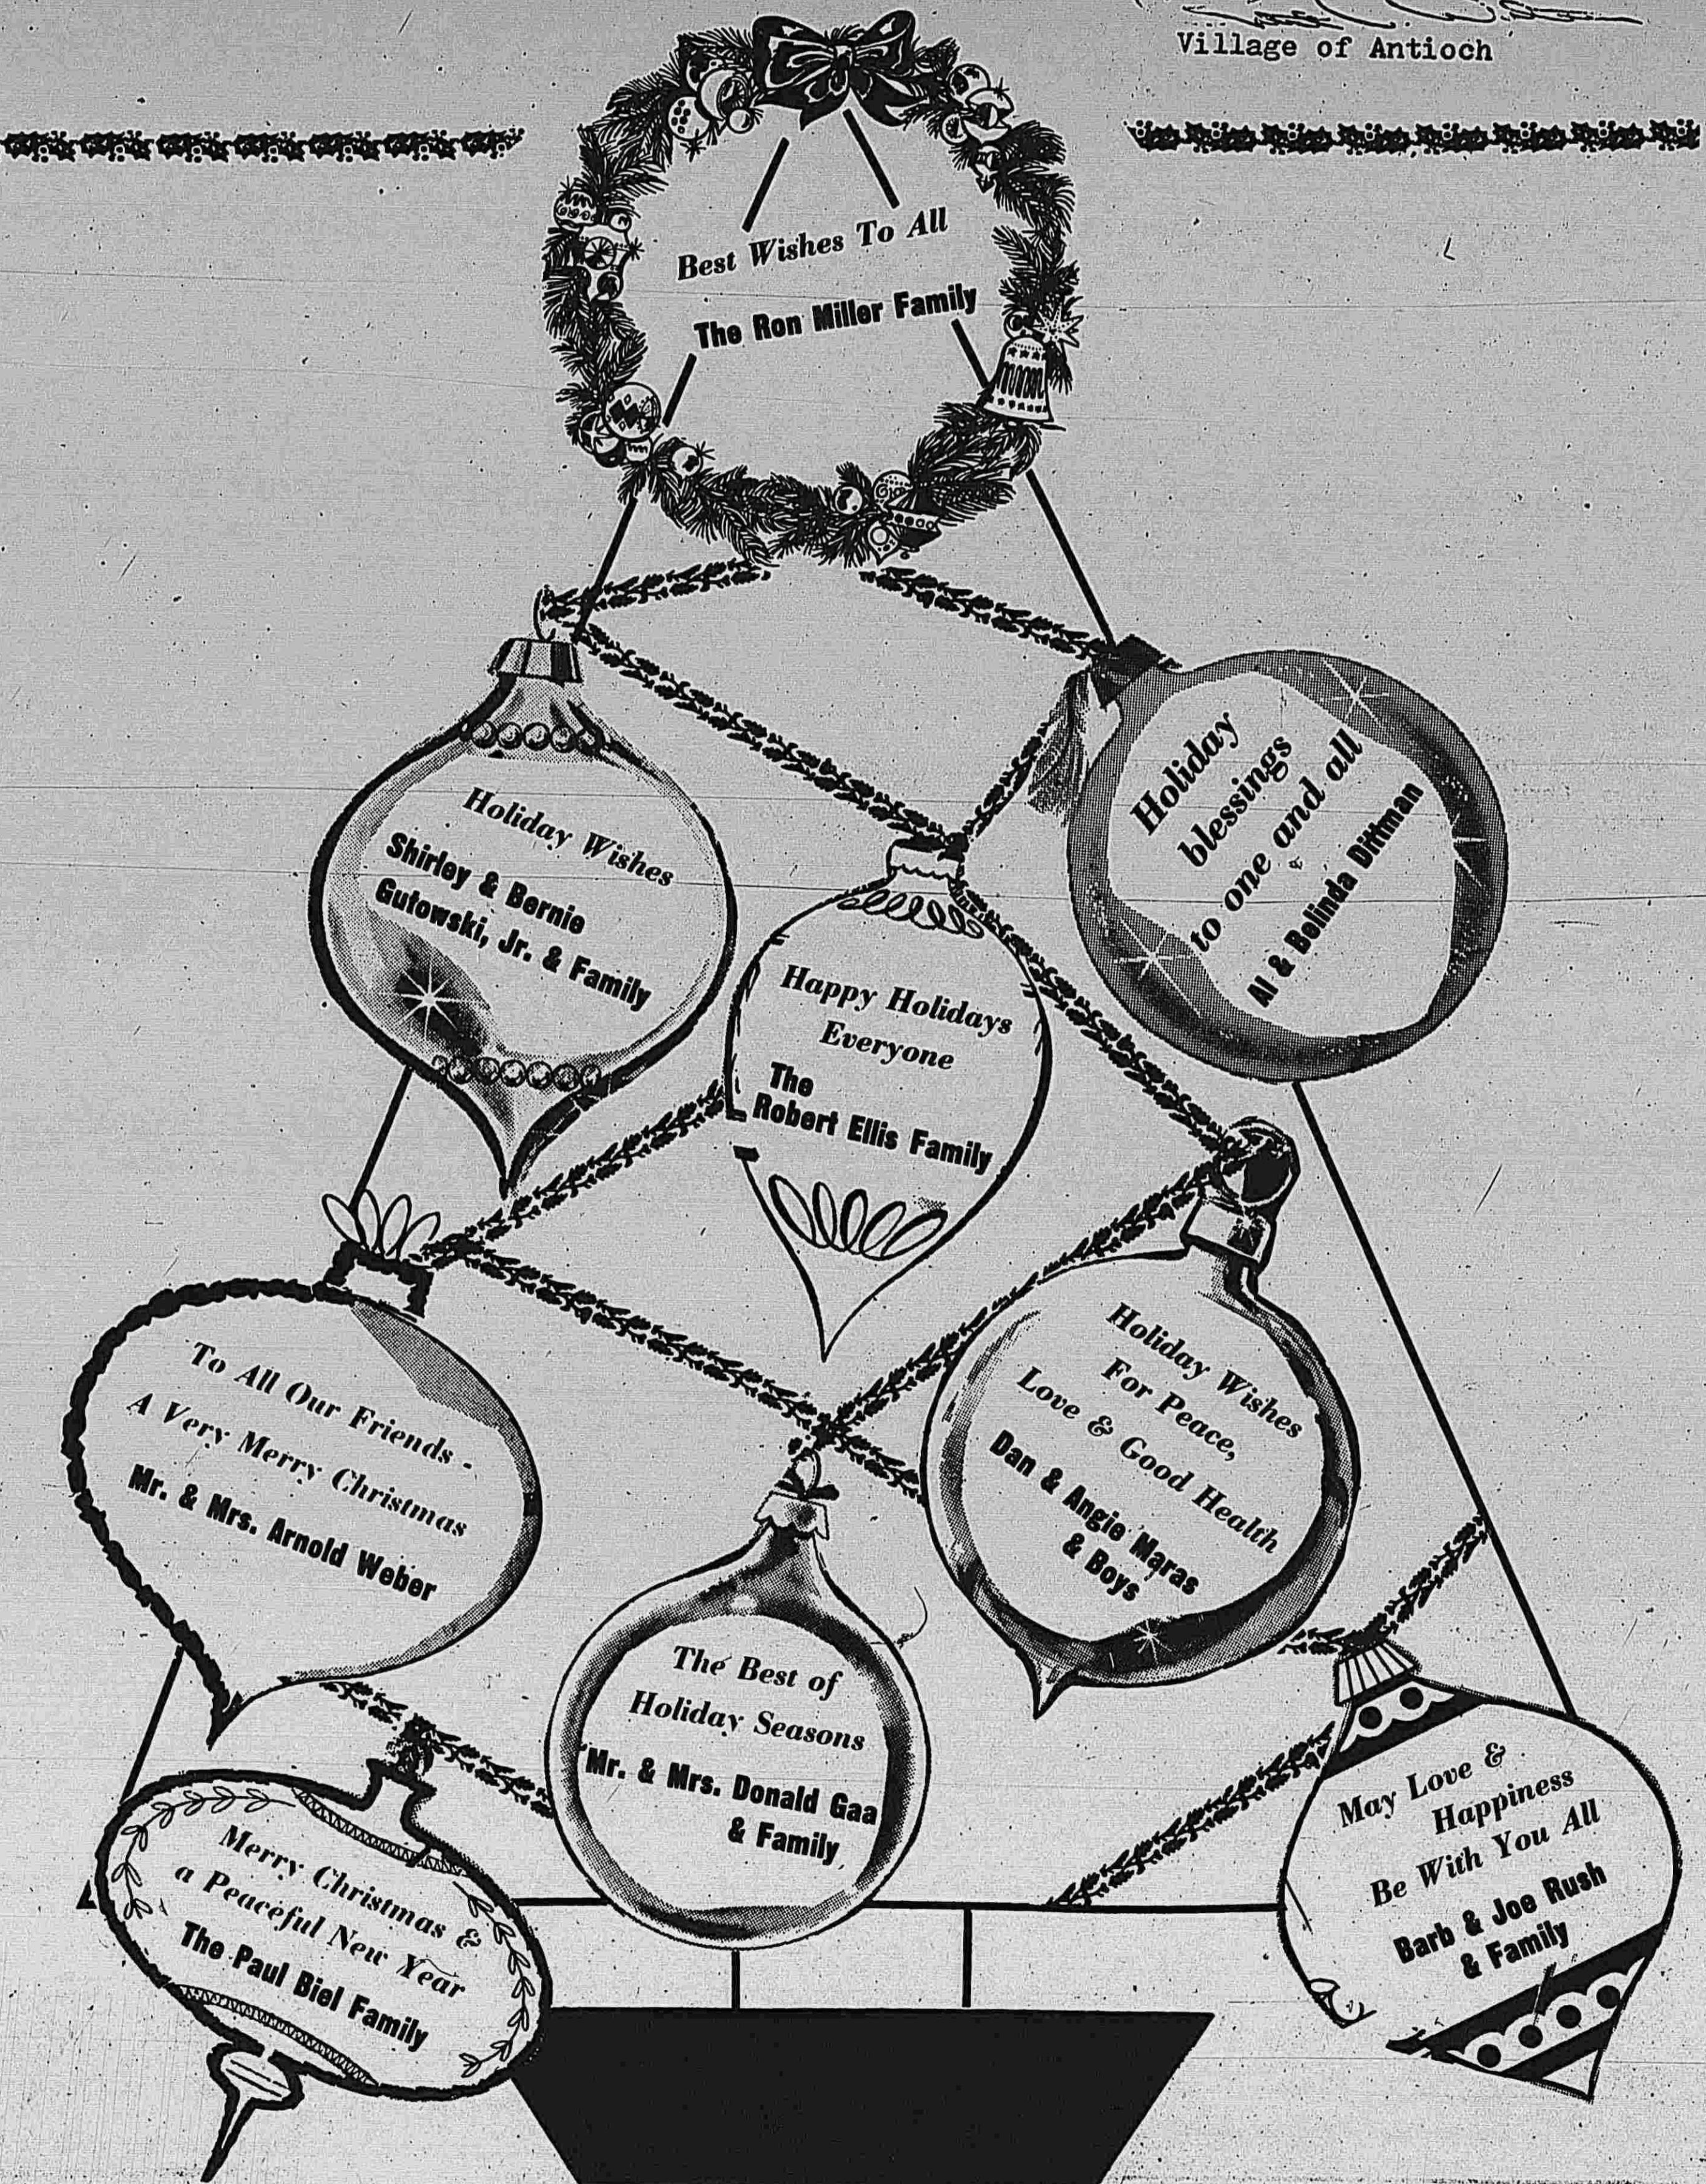

Holiday Greetings one and all!

Once again the Holiday Season is upon us. The time of the year when families gather to join hands in the true tradition of a Christian life. A time to reflect - to be thankful - to be joyous - to celebrate the birth of Christ. The Christmas Spirit does exist in every man, woman, and child - regardless of heritage - because the Christmas Spirit is love for fellow man. But true love for our fellow man must be nourished, encouraged, and recognized. To give love is to receive love - not only during the Holiday Season but throughout the year -

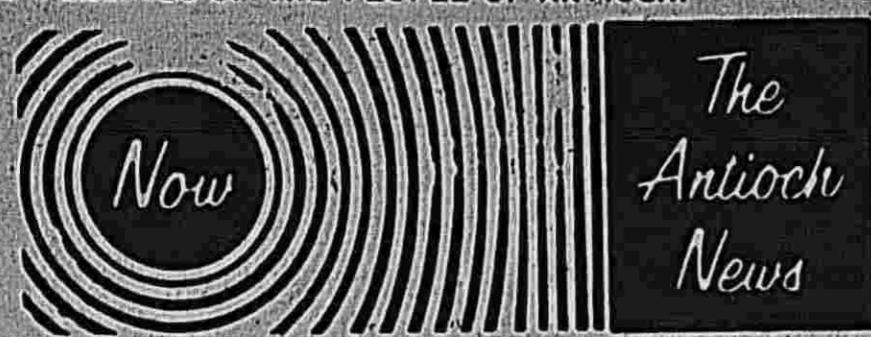

remembering that we are here for only a short period of time. A smile - hand shake - a kind word - this is the true spirit of the Holiday Season - this is the happiness we all seek. We Americans are truly a fortunate people - we have comfort - conveniences and wealth. Let's never forget that the gift of genuine love is the true Christmas Spirit. On behalf of the members and employees of the Village of Antioch, may I wish you and your family a truly joyous Christmas and a peaceful New Year.

Robert C. Wilton - Mayor

CONGRESS NOT BOGGED DOWN BY WATERGATE

While it may appear to some that the Congress has confined its recent attention to the Senate Watergate hearings, it seems well to observe that substantial legislative measures have been enacted during the First Session of the 93rd Congress, ending December 21st. This and the subsequent report from Washington will summarize a few of these new laws.

Vital legislative issues - such as those related to the energy crisis, agriculture and law enforcement - have occupied center stage on Capitol Hill at varying times during 1973. Other measures having a more limited national impact may have escaped public notice notwithstanding that the 535 members of the U.S. Senate and House of Representatives have devoted long hours to their consideration and resolution.

Agriculture

The new farm bill, entitled The Agricultural and Consumer Protection Act, embodies policies of expanded competition and agricultural abundance in contrast to the philosophy of scarcity and rigid controls dating back to the New Deal days of the 1930s. In lieu of so-called support prices, the new measure provides for a program of flexible target prices. This system enables agricultural goods to reflect more accurately the free market price and permits the target prices to be adjusted from time to time as the economy fluctuates. The measure also limits to \$20,000 the amount which may be paid to any single farmer for taking land out of production.

Law Enforcement

In the extension of the Law Enforcement Assistance Act, the Congress reflected the growing interest in revenue sharing as a basis for federal programs in contrast to the complex categorical grant system, which encourages top-heavy bureaucracies. In addition to the formula grants available for local and state law enforcement and criminal justice purposes the 1973 measure increases the authority of the National Institute of Law Enforcement and Criminal Justice sponsored by this Member of Congress. Thus, the National Institute becomes the principal clearing house for innovative law enforcement and criminal justice projects, and provides a much-needed mechanism for administering regional training programs. Regional training should result in improved community relations greater emphasis on crime prevention and more modern methods of criminal rehabilitation. The training programs are designed also to

improve the quality of investigative, prosecutorial and judicial personnel.

Health Care

In the area of health, the Congress enacted the Emergency Health Services Act, to provide special health care services in cases of accident and other emergencies. This program marks an extension of the existing law which has enabled the development of trauma centers in several areas of our 13th Congressional District.

Schools

A comprehensive education bill aimed principally at elementary and secondary education programs must await action in the Second Session of the 93rd Congress. However, positive action was taken to enlarge both the school lunch and the school milk programs for the benefit of school children throughout the Nation. Otherwise, educational needs were served by extending existing laws, and thereby providing stopgap answers until substantive changes can be embodied in the new education bill to be acted upon next year.

Mass Transit

The problem of urban mass transit received its first substantial federal recognition in a bill that allocates approximately \$1 billion from the Highway Trust Fund for capital expenditures of urban mass transit systems throughout the Nation. This diversion of highway trust funds is designed to limit traffic on our highways and help to provide much needed public transportation in the urban areas of our Nation.

D.C. Home Rule

Home rule came to the District of Columbia in the enactment of the first D.C. Home Rule Bill in almost 100 years. While Washington, D.C., enjoyed local self-government with respect to its municipal affairs until 1878, the problem of restoring a locally elected city government to our capital city required great patience and persistence. The compromise D.C. Home Rule Bill as passed during the closing hours of the First Session of the 93rd Congress is a substantial answer to the demand for local self-government in the District.

War Powers

Among the most controversial of the measures enacted at this session was the so-called War Powers Act, which limits sharply the authority of a President to commit American Armed Forces in foreign countries. The measure, which was enacted only after overriding a presidential veto, requires the President to secure the approval of both Houses of the Congress within 60 days of any troop commitment. In the absence of such Congressional approval, the President is required to order a prompt withdrawal of all American forces.

While the measures discussed here affect all Americans, other measures such as the Social Security Amendments, bills aimed at alleviating the energy crisis, and measures affecting our veterans have an even greater individual impact. These and several other new laws highlighting the First Session of the 93rd Congress will be discussed next week in a sequel to this Report from Washington.

AN OPEN LETTER TO SANTA CLAUS

Stay at the North Pole-Santa Claus.

Our world turns numb and cold
Less this, less that-and less oil and gas

There'll be lesser we are told.
If you won't take this, my advice.

Come well prepared for chills;
Our air is full of them right now

Throughout valleys, plains and hills.

We're turning our thermostats
way down
To save on heat;

And if we have to go some place
No motor cars - it's feet.
You could have trouble finding us

Our streets look dark and bleak;
And the lights in front of our house

Shine colorless - shine weak.
Inside, you'd meet us as before, such as a year ago.

We'll be huddling by the fire place
For a glimpse of the fading glow.

Yes, Santa Claus, you'll be welcome here.

And we know you'll understand
That Christmas 1973 is up-side down, on end.

Those reindeers too will be
your pride

Once more to pull the sleigh -
You need not feed them gas or oil;

They are content with hay.
We are ready now, Dear Santa Claus

To say "Hello" in haste;
We won't detain you like we did

when there was much time to waste.

Next year you might come
back again -

Who knows how you will score
A merrier Christmas, let us hope

with happier days, galore --
and lots of oil and gasoline to hit the road once more.

W.H.

CHRISTMAS '73

"He was born in a dusky stable, the son of the wife of a migrant carpenter in a conquered, exploited land, and he lived as a man of the poor, always facing official hostility. But his impact suffused the world, fired its ideals, lit its hope. And the present era dawned."

The promise and expectations kindled by the birth of the infant Jesus have burned in the hearts of Christian men and women everywhere for nearly 2,000 years. As revolutionary changes in every field of human endeavor rocked civilization, Christianity also grew, molding its tenets and rituals to the times. Christmas, too, became a rich blend of quaint customs over the years -- mistletoe, candy canes, brightly-decorated trees, feasts of turkey and mincemeat pie and, of course, Santa Claus. But through it all, Christ's message of love, brotherhood and everlasting life continued to inspire mankind.

This year, let us make a vow that we will allow the Christmas spirit to take root in each of us and grow there year-round. For if every individual would make a conscious effort, maybe "peace on earth and goodwill toward men" would become more than just a dream.

PRELUDE TO WINTER. Main Street in downtown Antioch took on a slippery appearance Thursday morning during the early part of an eight-inch snowfall. By Tuesday morning, after several more inches of snow (and a water main break), Village crews had plowed all streets and had removed the piles of snow from the downtown area. (Making room for more???) (Staff photo)

LOCAL SCHOOL SAYS CAMPBELL SOUPS ARE "M-M-M-M M-M-M-M GOOD"

There's been a lot of soup consumed in the Antioch area in the past couple weeks. More than 15,000 cans, according to the principals at Antioch Grade School and St. Peter's School.

How do they know? Their students brought in more than 15,500 labels from Campbell Soup cans, as part of projects to earn audio-visual equipment for the schools.

The national program sponsored by the soup company is called Labels for Education. The company promises to provide audio-visual equipment in return for old labels, which are then re-cycled.

Antioch Grade School principal Harlan Ware said that 10,700 labels were sent in, for which the school is to receive two listening centers and a tape player. The listening centers allow as many as eight students to plug headphones into each center and hear records or tapes, without disturbing the rest of the class. The tape player is not equipped with a recording mechanism, so there is no chance of the pre-recorded tapes being accidentally erased.

Over at St. Peter's, 4,800 labels were sent in. Since the students at Antioch Grade School had collected about 800 more labels than they needed, these extras (including about 200 extras that had been received from Millburn School) were donated to St. Peter's.

In a few weeks, St. Peter's School should be receiving a film strip projector and screen in return for their labels.

A competition was conducted among the different rooms at the Antioch Grade School to see which would bring in the most labels. Mr. Ware revealed that Mrs. Liddle's 5th grade was the winning room with 1,752 labels, over 600 of these bought in on the last day, after a door-to-door appeal in the community.

What do the 5th graders want as a prize? "Some momento of the drive," they told Mr. Ware. The principal has written to the soup company to find out what sort of arrangement can be made.

Once the 10,700 labels had been collected, they had to be bundled and tied in groups of 500. Much of the cutting and

tying was done by Mrs. Aileen Biel, PTA chairman, and her helpers.

When bundled, the labels filled a box only about 12

inches square and 12 inches deep, Mr. Ware said. And the postage and insurance to mail almost 11,000 soup can labels amounted to only about \$2.50.

Mr. Ware said that he and the teachers at the school are "well satisfied" with the drive. "This was a community

project, not just the school's," he added, "and we're very grateful for the cooperation we received."

GRADE SCHOOL SCHEDULE ADJUSTMENTS MADE

(See related story on page 1)

Students at Antioch (District No. 34) grade schools will have a longer Christmas vacation this year, due to the energy crisis. However, if the situation worsens, some students may have to wait for this bus in "the dawn's early light," or there may be no bus coming at all.

The District Board of Education agreed to go along with other schools in the area, extending the Christmas vacation to run from December 22, 1973 to January 7, 1974. Originally, the District schedule called for students to return to school on Thursday, January 3. However, by adding Thursday and Friday to the holiday, the heating and electrical systems will not have to be fired up as soon. The schedule will be adjusted in the Spring to assure that students are in attendance for a sufficient number of days.

The administration has also sent letters to all parents, informing them that school schedules will remain the same when Daylight Savings Time goes into effect nationwide January 6, 1974. Also, the letters advised parents that certain changes may have to be made in the bus schedules, possibly eliminating some of the stops nearer the schools, in the event of a serious gasoline cut-back.

Architect Don Anderson spoke to the Board about the work his firm has done thus far as to surveying Antioch Lower, Channel Lake and Oakland Grade Schools. Apparently, though, the Board had forgotten the reason the firm was hired as there was much debate about the work done and the architect's fee. Anderson attempted to clarify his position by stating that his firm was hired for remodeling purposes, not a Life-Safety survey, because such a survey was done only a couple of years before. Anderson and his colleagues happened "to stumble upon" some violations of the Life-Safety code as they were surveying for the improvements designated by the administration. The Board thought the architects were undertaking a Life-Safety survey, too, but finally an understanding was reached. The final decision made on this matter was to have the architects certify an addendum for the items listed to be repaired or remodeled and to contact the other firm who had done the Life-Safety survey to certify their work.

A major problem facing the administration is the septic system at the Oakland School. It is at its saturation point and is apparently seeping into the slough at the northwest corner

of the property. Bacteria from sewage has been discovered there and the county could file suit against the school district unless the septic system is fixed. The Board agreed to have it repaired as quickly as possible. Also, if this work is certified as being done in compliance with Life-Safety requirements, the money for it will come from that fund and not from another school fund.

Business Manager Sam Kohr revealed that Antioch could qualify for \$43,000 (for the payment of bonds and interest) if the Capital Assistance Board approves their request. This money could reduce taxes in

the district by that amount. The first application deadline is Jan. 19 when the bulk of the money will be allotted. Kohr told the Board it will take a full month's work to fill out all of the forms to qualify. Board members concurred with Kohr's opinion. The additional money would certainly be worth the effort.

The Board also approved the purchase of a collator for the Central Office for \$300. There will be a special Board meeting on Jan. 8 to approve the A-160 Program Plan and the regular Board meeting will be held on Jan. 15.

"YOUR KEY TO THE FUTURE"

FNB

485 LAKE STREET, ANTIOCH 395-3111

OUTSTANDING SOPHOMORES. These seven sophomores at Antioch Community High School were chosen by the faculty as preliminary contestants for a week-long seminar in Washington, D.C. They are (from left): Debbie VanPatten, Mr. Ed Kurek (guidance director), Greg Mieure, Debbie Hartokolis, Amy Ploss, Chris Lindberg, Greg Nordstrom, and Judy Vendl. Miss Ploss was selected by the president and vice-president of the Antioch Junior Chamber of Commerce to represent the school in statewide competition for the trip (Staff photo) See story on page 10.

HIGH SCHOOL BOARD APPROVES STRICTER GRADUATION REQUIREMENTS

The Antioch High School board approved a change in graduation requirements at their meeting Monday night. This decision directly affects the Class of '77 (the freshmen class). The new system does not permit failure, as 20 credits will be required instead of 16, including 16 academic and 4 non-academic (such as P.E., Band, Choir, or Drama). However, if a student does fail a course, he will have to make it up in Summer School, which will be offered free of charge due to a new state law.

ACHS has qualified for an 80 percent reimbursable work-training program sponsored by the federal government. The administration has been verbally assured of one and a half years of funding if we get into the program for the second semester. The government will then pay 80 percent of any travel involved, instructors' wages, and special expenses such as expensive gear required to perform a job. This program will affect 14 and 15 year-olds exclusively and was approved by the Board in hopes of discouraging drop-outs.

Mr. Adrian Mueller explained the evaluation made by a visitation team from the

Occupational Education Program. This evaluation included the team's general conclusions, recommendations and suggested solutions in each of eight areas of concern. These areas, rated from the strongest to the weakest component, are: Personnel, Occupational Programs, Administrative Organization, Students Served, Resources Utilized, Guidance, Objectives, and Evaluation. The Board found many of the team's comments to be contradictory. Mrs. Bette Meyer felt this was due to the fact that the team was very impressed with the programs offered at ACHS. Other Board members claimed that the team had seemed very confused after their visitation.

Some personnel changes were also approved at the meeting. Ms. Suzanne Hendricks, a recent graduate of Carthage College, was hired to teach Art classes for the second semester only. Ceramics, pottery, sculpture and the like will be her primary areas of instruction and she can also substitute-teach in Science should the need arise.

Mrs. Yvonne Mandehr, a psychology major and sociology minor, also from Carthage College, received permission to

student-teach here in Social Biology sometime during the second semester. She is from Antioch.

Two more new faces at the high school will be hall supervisor Julie Pertowski and Guidance Secretary Elsie January. They will be replacing Marge Warner and Rosa Wisler respectively.

Frank Johnson reported on the Drug Abuse program by stating "We're moving forward." Most of the teachers have been provided with general information on drugs so if the subject ever comes up in class they'll feel qualified to discuss it, Johnson said.

Action was taken to pass several resolutions necessary to levy a tax for the Area Vocational Center as approved in the county-wide referendum December 8.

Business Manager Ken Wierschem reported that the cafeteria has been highly successful this year. More and more students and faculty alike are enjoying lunch there, and complaints about the food have dwindled, so they say, from previous years. As Mr. Blecke so aptly put it, "They don't count the number of french fries you get anymore!"

by: Debra Kelly

JANUARY 4 NEW DATE OF CHEMICAL INDUSTRIES CAREER SEMINAR

The Chemistry Career Seminar sponsored by the Chemical Industries Council-Midwest, originally scheduled for Friday, Jan. 11, 1974, at the Pick-Congress Hotel, Chicago, has been moved to one week earlier, Friday, Jan. 4, 1974, at the Pick-Congress Hotel, Chicago. Students will register from 9:00 a.m. until 3:00 p.m.

A feature of the Seminar is person-to-person counseling by men and women from chemical and pharmaceutical companies located in the Chicago area. The counselors will outline the requirements for a career in chemistry. Representatives from Chicago area colleges and universities will counsel students on educational requirements.

The Antioch Volunteer Fire Department pledged \$2,500 toward the cost of a father's waiting room in the Maternity Ward at the proposed Countryside Hospital.

ENERGY CRISIS - HOLIDAY TRAVEL ANSWER

"Be wise, ride the OWL."

That's the slogan of the O'Hare-Wisconsin Limousine, and beginning December 20 O.W.L. will offer limousine service from Antioch to O'Hare airport, and back again, by way of Leisure Village, Fox Lake, Wauconda and Lake Zurich.

Two round trips will be made each day, one in the morning and one in the afternoon-evening, seven days a week. This is not just a holiday convenience, but will operate on a permanent, year-round basis.

For those who must travel to O'Hare, riding the O.W.L. mini-bus eliminates the hassle of driving on crowded expressways, searching for the elusive parking space, hiking from car to terminal, and the other assorted inconvenience of driving oneself.

For those taking off from O'Hare for several days or weeks, riding the OWL is less-costly than paying parking fees for leaving a car in the parking garage.

For those arriving at O'Hare bound for northwest Lake County, riding the OWL saves relatives or friends the trouble of driving to the airport, trying to find one person in several thousand.

For those whose destination is downtown Chicago, riding the OWL will allow them to connect with the Continental Trailways or CTA busses at O'Hare on both the in-bound and return trips. At present the only public transit from Antioch to Chicago is provided by trains at Fox Lake.

Whatever the destination, riding the OWL eliminates a private car from the highways and contributes to the conservation of fuel in these times of shortage.

The OWL mini-bus will leave

from Corbin Express Travel Agency, 927 Main Street, Antioch, at 8:00 a.m. and 3:30 p.m. Passengers will also be picked up at the following times and locations: 8:15 a.m. and 3:45 p.m. at Leisure Village; 8:25 a.m. and 3:55 p.m. at the Patio Motel in Fox Lake; 8:40 a.m. and 4:10 p.m. at Wauconda National Bank; 8:55 a.m. and 4:25 p.m. at the Farman Hotel in Wauconda. These two runs will terminate at O'Hare at 9:30 a.m. and 5:00 p.m.

This schedule has been confirmed on test runs and allows for inclement weather or heavy traffic.

On the return trips, the mini-bus will leave from Carson's Rotunda restaurant, on the lower level at O'Hare, between TWA (Terminal 2) and United (Terminal 3). These busses will depart at 10:00 a.m. and 6:00 p.m.

Passengers will be delivered to the locations mentioned above at the following times: 10:30 a.m. and 6:30 p.m. at Lake Zurich; 10:45 a.m. and 6:45 p.m. at Wauconda; 11:00 a.m. and 7:00 p.m. at Fox Lake; 11:10 a.m. and 7:10 p.m. at Leisure Village; and 11:25 and 7:25 p.m. at Antioch.

The same schedule will be followed daily, including Sundays and holidays.

The one-way fare to or from O'Hare is \$6 at Wauconda and Lake Zurich, or \$7 at Fox Lake, Leisure Village and Antioch.

Advance reservations are requested. Reservations or further information may be had locally by calling Corbin Express Travel Agency, 395-3050. In Lake Zurich or Wauconda, the agency is Town Travel, 526-2188. At O'Hare or in Chicago, the agency is Modern Travel Service, 427-3101.

TRAVELING WITH TAFFY

By Taffy Engelhardt

SINGAPORE

Singapore has been an independent republic since 1965, when it separated from Malaysia. Now it is a teeming port filled with a variety of everything — types of people, religions, foods, etc. Rural Malay homes on stilts, skyscraper hotels, rambling tropical residences and Chinese "tenements" all co-exist.

Singapore has the highest standard of living in Southeast Asia, along with the highest accident rate. They have the second highest standard of living in all of Asia, next to Japan. There is about one car for every ten people, one doctor for every 700 people and one dentist for every 5,000 people. There are a total of 17 hospitals in the entire country. Since it is such a small country, there is an extreme shortage of land, making the cost as high as 1500 Singapore dollars per Square Foot. The average income per capita is about 3,000 Singapore dollars (U.S. Dollars, less than 1,000). In the slum areas, it is common for a huge family to live in one 6 x 8 foot room.

Forget the facts and figures. We found Singapore to be one of our most enjoyable ports. We visited such places as Thieves Market, the Botanical Gardens, Tiger Balm Gardens, the Sultan Mosque, Boogie Street, Chinatown, the Temple of 1,000 Lights, and Elizabeth Walk. We saw a Malay Coconut Dance, a Chinese

Sword Dance, Bersilat (the Malay art of self-defense), and a mesmerizing snake-charmers show.

But, despite all of the wonderful things to see and do, the people are what made Singapore such a memorable experience for me. Like Hong Kong, there were peoples from many countries throughout Singapore, and like Japan, they were extremely hospitable.

I hopped in a taxi one day and ended up spending much of the day with the driver and later meeting his family. The next day, I happened to be on a bus, ended up at the wrong destination and found myself lost and alone. Four teenage girls noticed my bewilderment, got off the bus, escorted me all the way back to the ship and later took me sightseeing and to meet their families also. I was overwhelmed to see such genuine concern and friendliness from absolute strangers. These people were quite poor. They all had large families and their houses mainly consisted of a kitchen and one bedroom. But they weren't ashamed — they invited me in, cooked for me and gave me small remembrances, along with the wonderful friendship we shared.

I will remember all of the fascinating things I saw in Singapore. But, mostly, I will cherish my friends who had so little — yet gave me so much.

ANTIQUA ROTARY CLUB SEEKS FOUNDATION CANDIDATES

Michael Warren, president of the Rotary Club of Antioch, has announced that the club is seeking young men and women in this area as candidates for Rotary Foundation educational awards for study abroad in 1975-76.

The Foundation offers four types of educational awards: Graduate Fellowships, for those who have received a bachelor's degree or equivalent and are between the ages of 20 and 28; Undergraduate Scholarships, for those with a minimum of two years at university level work and are the ages of 18 to 24; Technical Training Awards for those with a secondary education and at least two years' working experience and are the ages of 21 to 35; Awards to Teachers of the Handicapped, for those who have been engaged as full-time teachers of the mentally, physically or educationally handicapped for at least two years at the time of application and are the ages of 25 to 50.

Each award includes round-trip transportation, educational and living expenses for one academic year, and funds for intensive language training, if

necessary.

In 1947, the Foundation started its programs of sending young adults abroad for study, and since that time, the Foundation has awarded more than \$17.5 million for its various programs, and more than 6,000 young men and women have gone to countries other than their own for a year

of study. As a non-profit organization, The Rotary Foundation is supported by voluntary contributions from Rotarians, Rotary clubs, and friends of Rotary in 150 different countries.

Further information about these awards is available from Michael Warren, at 395-1765.

The application deadline is March 15, 1974.

8 a.m. till 6 p.m. Sunday

Along the Way with Annie Mae

What a beautiful fairyland Antioch has turned into. The snow on the trees and the misty vapor coming off the Village ponds with the ducks busily swimming around. And of course, all those happy snowmobilers who for the first time in a long time, really have enough snow to enjoy those machines. However, the best thing of all is that we will have a white Christmas and there will plenty of snow for Santa and his reindeers.

Santa and Rudolph made an appearance this weekend at the party given by the Antioch Rescue Squad and Fire Department for all the kids. A puppeteer was on hand also to help entertain the kiddies.

Bernie and Shirley Gutowski just returned from a 5 day trip to the Bahamas. The weather was a little cooler than they'd have liked but they were able to get in quite a bit of scuba diving and Bernie took some underwater pictures. He's anxiously waiting to see if he'll pass as a photographer.

Frank and Margaret ReCupido are off to Florida and Bermuda for some sun and fun for the holidays.

Betty (Brown) Cadrobbi and Harriet Davis send their best wishes for a happy holiday

Annie Mae

season to all their friends in Antioch and surrounding lakes area. They live near the ocean now in Los Osos, California and are enjoying the fishing and the beauty of this area. Why not drop them a card at 601 Lilac, Los Osos, CA 93401. I'm sure they would be delighted to hear from old friends.

A special get well to Bob Miller who is recovering from surgery in Victory Memorial Hospital.

Congrats to Don Walsh, who was elected president of the Antioch Chamber of Commerce for 1974.

To Mr. Henry Schr a very happy birthday from Mom, Nancy, Dick and his family. Henry celebrated on December

18th. Others celebrating their natal day this week are: Peg Leider and Jim Fields on the 19th, that lovely lady, Del Jahnke celebrates on the 20th and Mike Kelly on the 21st. Many happy also to Mary Lorr, Holly Markwart and Harold Gaston who celebrate on Christmas Day. And a great big first birthday wish to Julie Ann Van Patten.

The Antioch band and Choirs under the direction of Mr. John Olsar and Mr. Ralph Brooke, put on their annual Christmas Concert Sunday evening. The auditorium was filled to the brim for this lovely holiday show.

Our compliments to the street crews who worked so diligently since Thursday cleaning the streets so that driving may be easier. Last night all the snow that was pushed up to the curbs in town was taken away and now Main Street is as clear as a whistle for your holiday shopping.

American Legion Auxiliary

The 10th District Juniors of the American Legion Auxiliary met at the Libertyville American Legion Home on Sunday, December 6th, at 2:00 p.m., and toured several nursing homes, singing Christmas carols. They sang at the Winchester Home, the Riverwoods Nursing Home and the Riverside Nursing Home; then traveled to the Hillcrest Nursing Home in Round Lake. Afterwards, the girls and their leaders relaxed with hot chocolate and cookies at the Round Lake American Legion Home.

According to Mrs. James Pahlke, Round Lake, 10th District junior activities chairman, the Juniors will be selling candy mints in order to raise money for their many projects. Anyone wishing to buy this

candy should contact any of the following district junior officers - Susan Rathmann, Antioch, President; Annette Zitkus, Antioch, Vice President; Colleen De Vries, Antioch, Secretary; Linda McCormick, Mundelein, Treasurer; Jeanne Gleason, Libertyville, chaplain; Robin Chudzik, Lake Zurich, historian; Jennifer Magnusson, Lake Zurich, sergeant-at-arms; Wendi Dorn, Mundelein, junior past president; or any 10th District junior member or senior junior activities chairman. Mrs. Bernard De Vries is the Antioch Unit chairman.

Roy Lundsten of Wauconda was elected President of the Lake County Past Commanders' Club of the American Legion at a recent meeting held at the Northern Chalet

Restaurant in Libertyville. Other elected officers are Herbert Gleason, Libertyville, vice president; Larry Crone, Lake Forest, secretary; William Schultz, North Chicago, treasurer; Robert Maxwell, Mundelein, chaplain; William Nickoley, Libertyville, assistant chaplain; Philip Strand, Libertyville, historian; Perry Conrad, Barrington, sergeant-at-arms; and Trustees, C.E. Warnecke, Waukegan; Thomas Rizzo, Lake Zurich; Edward Jahnke of Antioch, Gurnee Legion; George Fluger, Vernon; and Bernard Groves of Lake Zurich.

A planning session was conducted December 6th at the Wauconda American Legion Home at which the year's activities were programmed. One of the highlights of the year will be the dinner party when all the past and present Presidents of the 10th District American Legion Auxiliary and their husbands will be their honored guests. Steak fry family picnic and dinners at nice restaurants are all on the agenda. More information will be forthcoming at a later date.

Social Notes

By: Del Jahnke

Lakeside Rebekah Lodge #2

A surprise luncheon party honoring Mrs. Charles Ferris, who had served as Noble Grand of the Lakeside Rebekah Lodge this past year, was held at Smarts' Country Club on Wednesday, December 12th. Mrs. Arland Clark, Mrs. Clarence Larson, Mrs. Earl Horton, Mrs. Charles Wysoglad, Mrs. Harold Ellis, Mrs. Floyd Horton, Mrs. Sophia Radakovic, Mrs. John Hagen, Mrs. Wayne Jones and Mrs. Walter Buchert were all there to enjoy the occasion. Mrs. Ferris received a lovely gift from her officers and members, including many other attractive presents from members who were unable to attend. Heartiest Congratulations, Agnes!

Another delightful pot luck luncheon party was also held on that Wednesday, December 12th, when the ladies of the Women's Bible Study Class of the Antioch Evangelical Free Church held their study class first, with the luncheon afterwards. Between the mothers and the children present, there were some thirty people together on this happy occasion.

The AWANA boys and girls of the Antioch Evangelical Free Church have won honors recently when they passed their rank tests. Their treat was a roller skating and swimming party at the North Suburban Y.M.C.A. in North-

brook December 8th. The winners in the boy's classes were Jim and Ted Bokan, Kurt Kiemele, Tim Fosmark, John Contois, Kevin Rust, Terry Schoenberg, Kevin Erickson, Jonathan Frazier and Bobby Dunlap, Jr. Their leader is Robert Brant of Grandwood park. There were 22 winners in the girl's AWANA, which will be given by grades: Third graders - Kimberly Brant, Debby Morris, Connie and Carla Anderson, Betsy Barnes, and Tammy Schoenberg; Fourth graders - Cindy Mills, Michele Morris and Robin Welden; Fifth graders - Kathy Bailey, Carol Blecke and Pam Foss; Sixth graders - Stacey Brant and Robin Anderson; Seventh graders - Shirley Fosmark, Lori Lewis, Kathy and Karen Anderson; Eighth graders - Kelly Kiemele, Janice Harrison, Diane Walsh and Colleen De Vries.

Some 30 AWANA girls went Christmas carolling December 11th and visited four homes of ill persons in Trevor, Wisconsin and in rural Antioch, giving happiness and Christian good will. Their drivers were Mrs. Steve Erickson, Mrs. Deke Kiemele, Mrs. Alan Knutsen and Mrs. Stanley Anderson. According to Mrs. Robert Brant, Grandwood Park, AWANA's girl's leader, the AWANA's will be holding a penny carnival sometime in early January to help support the AWANA program. There will be more information regarding this carnival in the near future.

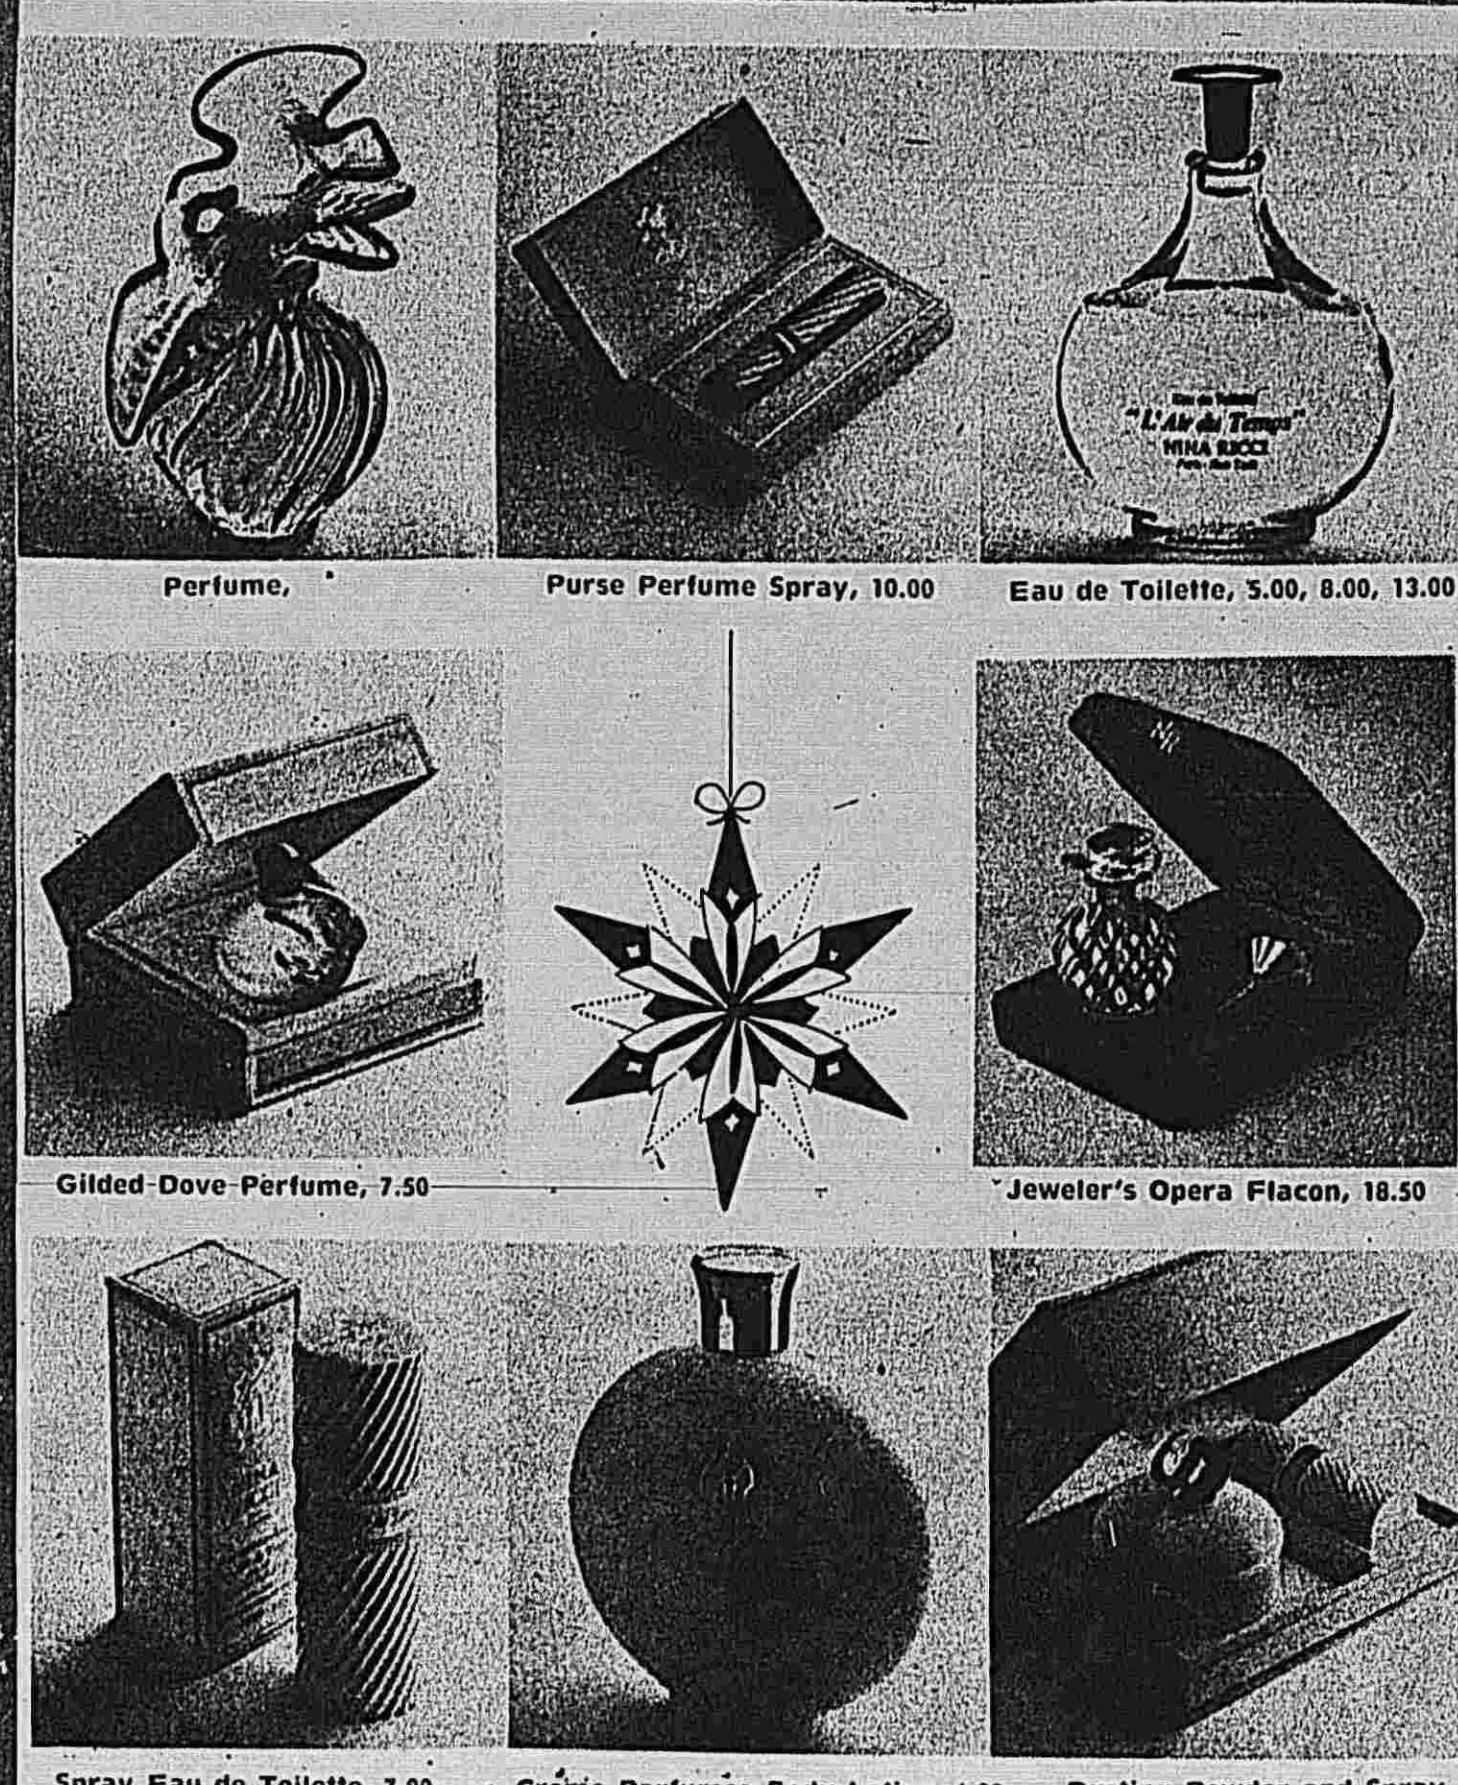

Mrs. Peggy Braa, wife of Chief Engineman David C. Braa attached to the Naval Aerospace Medical Research Laboratory, Pensacola, Florida, discusses with Capt. Newton W. Allebach, Officer in Charge of the Laboratory, her new role as ombudsman for which she volunteered her services. She will be the official link between Navy wives whose husbands are attached to the laboratory, and Capt. Allebach, to present to him the views of the wives. Mrs. Braa met with Capt. Allebach December 5 and will announce a meeting for the wives in January, to be followed by a tour of the facilities. Mrs. Braa is the daughter of retired Chief Petty Officer Clarence Geisler and Mrs. Geisler of Antioch, Illinois.

Karin Johnson Weds Randy Lupien

Pastor Phillip O. Laurin of St. Stephen Lutheran Church in Antioch united Miss Karin Johnson and Mr. Randy M. Lupien in marriage on October 20, 1973.

Karin is the daughter of Mr. and Mrs. Walter Johnson of Route 1, Antioch who hosted a reception at the Antioch Country Club following the ceremony. She attended Antioch Community High School and Bradley University.

Randy is the son of Mr. and Mrs. James Lupien of So. Ashburnham Mass. and is in the U.S. Navy.

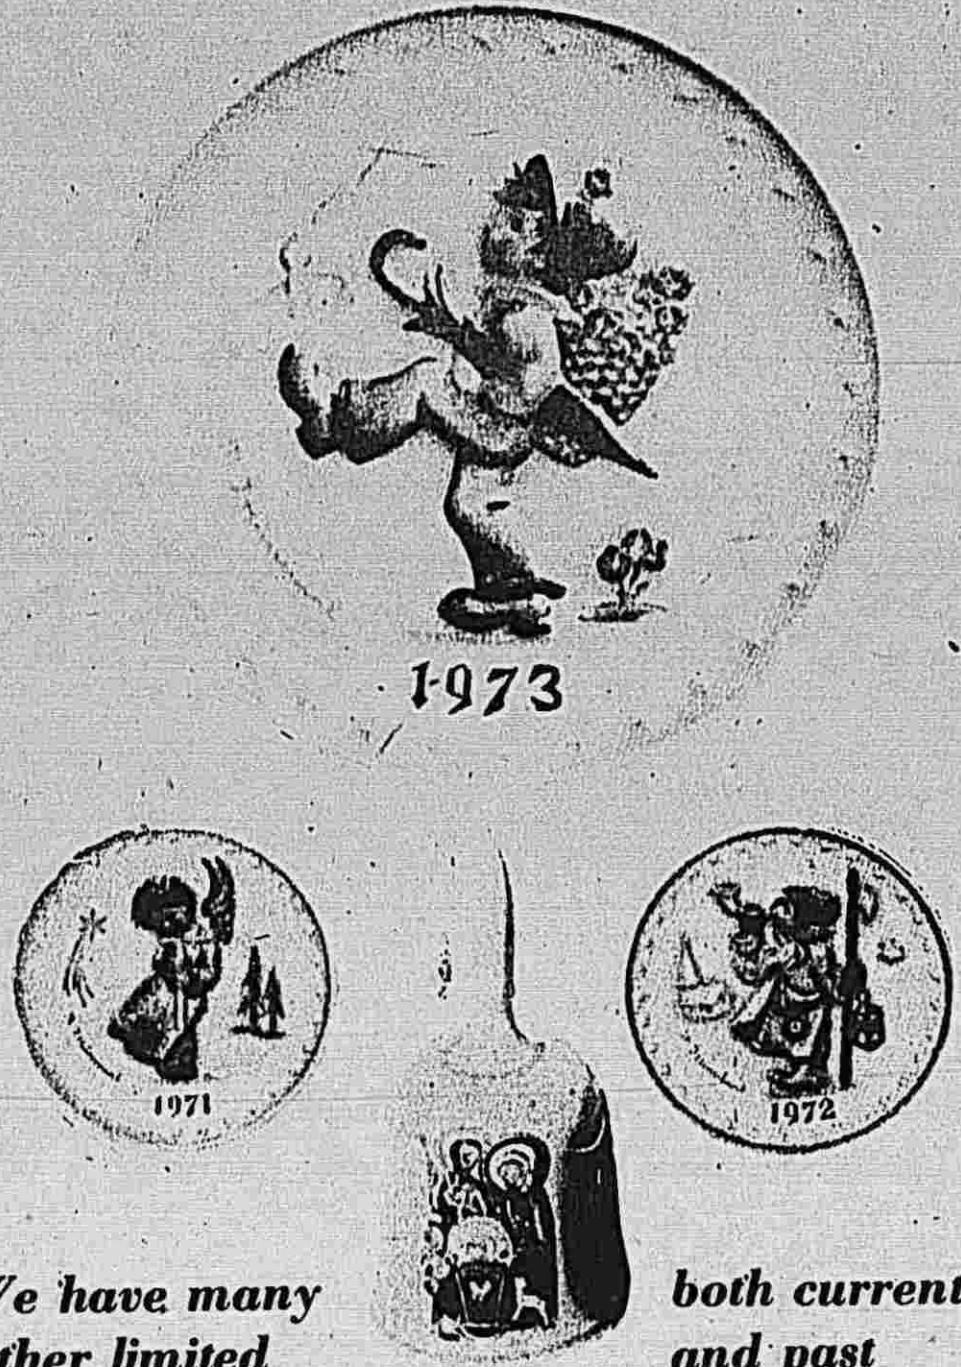

Barbara Pfisterer of Lisle was the maid of honor and Curt Johnson, brother of the bride was best man.

The bride wore a long-sleeved gown of cluny lace over satin. The old-fashioned look was accented by a ruffle at the base of the skirt and sleeves and a high neckline detailed with a lace ruffle. A white satin ribbon set off the natural waistline. The matching lace camelot headpiece held a cathedral mantilla.

After a short honeymoon, the couple will be at home in Waukegan.

KAY KUECHENMEISTER

Miss Kay Ellen Kuechenmeister, daughter of Mr. and Mrs. Frank Kuechenmeister of Antioch, Illinois, received a Master's Degree in Education with a major in speech pathology from the University of Florida at Gainesville. The graduation exercises were held in the Florida Gymnasium on Saturday, December 15, 1973.

Kay was a 1968 graduate of Antioch High School. She attended North Central College in Naperville, Illinois for two years and received her Bachelor's Degree from Northern Illinois University in 1972.

After the first of the new year she will be employed as a speech pathologist by the Marion County School in

Florida.

Mr. and Mrs. Kuechenmeister flew to Gainesville for the graduation and Kay returned home with them for the holidays.

IT'S SNOWMOBILE TIME AGAIN !

With the first heavy snowfall of the season, Antioch's anxiously-waiting legion of snowmobilers hit the roads and fields. With the dawn Thursday revealing a 4-inch blanket of the white stuff, some of the more eager enthusiasts were out. As the day passed, greater number were in evidence.

The Antioch Police Department received so many phone calls Thursday morning — some from persons wanting information on snowmobile regulations, others from irate citizens lodging complaints — that one dispatcher was heard to mumble something about the police being unable to be everywhere.

In the interests of clearing the air, here are some of the pertinent regulations from the Illinois Motor Vehicle Code on the operation of snowmobiles. (Since the Village does not have a separate snowmobile ordinance, the State laws are in effect within the Village).

Snowmobiles must be registered with the State, and an identification number must be displayed on the vehicle. In addition to at least one white headlight and one red tail light (both visible from 500 feet under normal conditions) every snowmobile must be equipped with adequate sound suppression devices and pollution control equipment.

It is unlawful to drive or operate any snowmobile at a rate of speed too fast for conditions, or in a careless, reckless or negligent manner. Also, a snowmobile may not legally be operated by any person under the influence of intoxicating beverages or narcotic or dangerous drugs.

Whenever any snowmobile is operated, at least one head light and one tail light must be lighted at all times.

According to the State law, some places are off-limits to snowmobiles. These include: the tracks or right-of-way of any operating railroad, or any area within one mile of any

nature preserve or on any private property without the written consent of the owner.

In general, snowmobiles may not be operated on any highway in the State of Illinois. A highway is specifically defined as "the entire width between boundary lines of any highway, road, street, avenue, alley, or public driveway." This includes the public right-of-way alongside the roadway. It also includes any public street or roadway within the Village.

There are three exceptions to this general rule:

1) A snowmobile may be driven directly across a highway (other than limited access expressways) as long as the crossing is made at right angles to the roadway, the vehicle comes to a complete stop before crossing the road, and the snowmobile yields right-of-way to any traffic on the road being crossed.

2) A snowmobile may be driven on highways, other than State highways or limited access expressways, when necessary to cross a bridge or culvert.

3) A snowmobile may be operated along the right-of-way of any highway, other than a State highway or limited access expressway, as long as it is operated no less than 15 feet from the actual roadway and in the same direction as traffic.

If a snowmobile is to be operated as provided in these exceptions, the operator must have a valid driver's license.

Violations of these laws may subject the operator to fines of up to \$500 and/or imprisonment for up to 30 days.

A copy of the complete State law regarding snowmobiles may be read at the police station, where any further questions can be answered.

JULIO SANCHEZ TO SPEND CHRISTMAS VACATION WITH CHARLES MAPLETHORPE FAMILY

Julio Sanchez, the 1971-72 A.F.S. exchange student from Costa Rica, will be spending the Christmas vacation from his studies at Colby College in Waterville, Maine, with the Charles Maplethorpe family in Antioch. He will be here from Dec. 22 through Jan. 13 and would enjoy seeing his friends. If you would like to include Julio in any of your activities, contact Julio at the Maplethorpe home.

DEADLINE FOR DISPLAYING '74 PLATES EXTENDED

Deadline for displaying 1974 Illinois auto license plates has been extended to Feb. 15, Secretary of State Michael J. Howlett announced today.

Although state law sets Jan. 1 as the date new plates must be displayed, former Secretaries of State have traditionally given motorists additional time to purchase licenses.

In order to guarantee license delivery by the Feb. 15 deadline, all applications to the Secretary of State's office in Springfield must be received by Jan. 15.

Bits from Barb

By: Barb Olson

There are only two days of school left at ACHS before school is dismissed for Christmas vacation. Student Council will hold its Christmas assembly Friday. This year's vacation will last through January 7, 1974.

Saturday evening at 8:00 p.m., the Christmas Formal Dance will be held in the High School cafeteria. Admission is \$3.00 per couple.

Last week the senior class voted for the five senior girls to be on court for the dance. Congratulations to: Mary Barr, Rose Ring, Sandy Lyndberg, Doris Meuter, and Sue Walsh. The senior class will vote again this week in order to select the King and Queen. Results will be announced Saturday evening at coronation.

ACHS Concert Band held its first concert this year in a joint session with the A-Cappella

Choir, Swing Choir, and Freshman Girl's Chorus. The auditorium was full of relatives and friends. Both the band and choirs sounded very good. For the last number of the program the band and chorus combined for the Hallelujah chorus.

The girl's volleyball teams were again successful last Tuesday in their games against Stevenson. The B team won the first two games of the match, and the A team won the first and third. They were scheduled to play Cary Grove Thursday but the game was cancelled because of the weather. The next game is against Round Lake Tuesday, December 18. December 19, the girls play their last game, which will be against Zion.

The boy's basketball teams were also victorious in the games they played Friday night. Both the Varsity and Sophomores won their game.

It was a big weekend for wrestling. As a result of the wrestling meets Friday night, and four schools competing Saturday the Sophomore wrestlers now have a 9-0 record.

There will be basketball tryout held Thursday, December 20, for girls interested in playing interscholastic basketball. Practice will not be held until after the holidays. The first game is January 15, against Grant. It is a home game and spectators are welcome.

Happy Birthday to all people whose birthday falls on December 23.

Merry Christmas!

CHORUS SINGS OF CHRISTMAS. Adding to the entertainment at Antioch Community High School's annual Christmas Concert were the A-Capella Choir (pictured above), Freshman Girls Choir and the Swing Choir, all directed by Mr. Ralph Brook. (Staff photo)

BAND PLAYS CHRISTMAS CONCERT. The Antioch Community High School Band, under the direction of Mr. John Olsar, participated in the school's annual Christmas Concert Sunday night. (Staff photo)

AMY PLOSS, A.C.H.S. SOPHOMORE, VIES FOR WASHINGTON TRIP

(See picture on page 6)

Amy Ploss, daughter of Mr. and Mrs. Douglas Ploss, 532 Graton Road, Lake Villa, has been selected as the first candidate from Antioch Community High School in the annual Hugh O'Brian Foundation seminar in government.

If chosen as Illinois' delegate, Amy will be taking an expense-paid, one-week trip to Washington, D.C., to participate in seminars and meetings conducted by government leaders.

The program was established in 1958 by the famous actor for whom the foundation is named to finance the annual trips for outstanding sophomore high school students throughout the nation. This is the first year that Antioch has been invited to enter a student.

The delegates from each

State are selected on the basis of evidence of emerging leadership and interest in government, as evidenced by participation in community and school affairs.

Out of seven outstanding sophomores named by the teachers and administration, Amy was chosen by the President and Vice-president of the Antioch Junior Chamber of Commerce, Tom Bartel and Jerry Folbrick respectively.

The other six sophomores considered for the honor are: Debbie Hartokolis, Chris Lindberg, Greg Mieure, Greg Nordstrom, Debbie Van Patten and Judy Vendl.

Gary S. Swanson

Navy Airman Gary S. Swanson, son of Mr. and Mrs. Axel E. Swanson of Route 3, Lake Villa, Ill., deployed here with the Navy's "Operation Deep Freeze 74" task force. He will help provide logistic support for various American scientific experiments and research programs.

A former student of the University of Illinois, Champaign - Urbana, Ill., he joined the Navy in January 1973.

ABC'S OF TRAVEL

Airport Security

The Federal Aviation Administration has charged the airlines and airport authorities with the responsibility of taking security precautions including the presence of trained police officials and the searching of your carry-on luggage as well as you yourself.

This charge has in turn been transferred over to the individual traveler. As a result with the up and coming holidays; all Christmas wrapped gifts should be checked in with your luggage for if you want to carry it on, those beautifully wrapped gifts will have to be opened for inspection. The security guard will not take your word for it.

Also during the holidays,

Barb Corbin

many people will be flying that never have before or this is the only time of the year they do. Passengers walk thru a metal screening device, this device is a magnetic metal detector. They vary considerably in sensitivity and when a certain amount of metal triggers the alarm, the individual is asked to undergo an external search with a hand-magnetometer. The wand-like device localizes the mass of metal. Remember, this is a magnetic type device, electricity is NOT used so heart pacemakers or other electrical devices will NOT be altered. However, because of its degree of sensitivity, different types of orthopedic equipment will give you a positive reaction to the detector.

Back or leg braces, internal screws, plates, pins, can all give you a positive reaction. If this happens you are sent to the airport nurse who clears you as soon as she sees the scar. As a result, you can miss your flight. To eliminate this possibility, anyone who must wear any metal orthopedic devices, be sure and get a letter from your doctor-physician confirming the metal and have it with you at all times.

The Federal Aviation Administration has established stringent requirements for the screening of airline passengers and baggage so this precaution can eliminate a lot of embarrassment as well as missing your flight to be with your family for the holidays.

Barb Corbin

Is it worth risking your life, your home and your car just to avoid running out of gasoline?

"Every consumer who 'stockpiles' gasoline exposes his family and his possessions to the real danger of deadly explosion and fire," warns Fire Chief Tod Maplethorpe.

Be alert to gasoline's danger signals, Tod urges residents. "Any smell of gasoline in a storage room or automobile trunk is good evidence of a

vapor leak in the container and should be taken care of immediately," he says.

To store gasoline at home Tod advises use of an approved safety can - never a glass jug, discarded bleach bottle or other makeshift container.

Keep the gasoline in a well-ventilated area where it can't be tipped or damaged accidentally, and keep it well out of the reach of small children. Never store it in the same room with hot water

heating equipment, where a pilot light or sparking switch could set off an explosion of accumulated vapors. "This means that home storage areas such as utility rooms and garages shouldn't be used for gasoline, especially if heating equipment is located there," Tod emphasizes.

"Carrying extra gasoline in the trunk of the car also can create an explosive situation," he further warns. "Gasoline vapors can filter from the trunk into the car's interior where the striking of a match or an electrical system spark can set off a powerful explosion."

"If spare gasoline must be carried on the road, use a metal or approved plastic can that is absolutely vapor-tight," Tod recommends. "Approved safety cans, which should be used elsewhere, are designed to vent vapors, which makes them unsuitable in an automobile. Instead, use a container with perfect seals on both the cap of the fill opening and the pouring spout. Also, never fill the container completely - leave a little room for the gasoline to expand as it's warmed by the heat of the day and of the car."

Enroll your loving partner and yourself in the Clinic's Human Sexuality Workshop.

Meetings are held at the Grayslake Clinic on Rte 120, just west of Rte 45 on Sunday evenings beginning January 13th from 7 until 9 p.m. The cost is \$125 per couple for the 10 week workshop. Individuals may also enroll at a cost of \$70.

Interested persons may register by calling Family Counseling Clinic at 223-8107.

NEW ADDRESS - 120 Rte. 173

ANTIOCH, ILL. 395-3600

ARIES (March 21-April 20): The new year can be the start of important and beneficial changes in your life. Social activities during this period can hold the key to new romantic interests. You are in a bright and happy mood! Best days: Friday, Saturday.

TAURUS (April 21-May 20): Over-indulgence can leave you in a post-holiday blue mood. Spend some quiet hours of study. This can be a profitable period for making new long range plans. Friends can help brighten the days ahead. Best day: Saturday.

GEMINI (May 21-June 21): Contact with people at a distance can be rewarding. An acquaintance from the past may introduce you to an exciting new social activity. Take some time to pursue your own personal goals during week. Best days: Sunday, Wednesday.

CANCER (June 22-July 21): A favorable period for those born under your sign. Take advantage of holiday time off for shopping, short trips. Splurge a little on yourself. It's that time of year! Best days: Friday, Tuesday.

LEO (July 22-Aug. 22): Time to relax and rest up for the new year. Watch budget to avoid financial strain. Try to answer holiday mail before the task piles up on you. An excellent period for quiet visits with friends or relatives. Best days: Sunday, Monday.

VIRGO (Aug. 23-Sept. 22): Presence of family or visiting friends can make this one of the most enjoyable times of the year. You are in the holiday spirit. Make the most of it. The new year can bring important new beginnings. Best day: Thursday.

LIBRA (Sept. 23-Oct. 22): This between holiday week can be quiet, but it can be a time of progress. Associations can point way toward greater career success, advancement. Heed their counsel. Be considerate of loved ones, especially younger relatives. Best days: Friday, Sunday.

SCORPIO (Oct. 23-Nov. 22): Social affairs dominate your time and energy. Your wit and personality are attractive to others. Take care if traveling. For the unmarried, romance is a possibility in the near future. Relatives will make demands on your time, but you are in a considerate mood. Best days: Tuesday, Wednesday.

SAGITTARIUS (Nov. 23-Dec. 21): Catch up on your correspondence and attend to financial matters that could become important in the coming year. Home improvement projects can be satisfying and give expression to your creative talents. Discuss any future plans with family before making decisions. Best day: Wednesday.

CAPRICORN (Dec. 22-Jan. 20): A generally carefree time for the Capricorn. You can enjoy the attention of close family relations, friends. Make a New Year's resolution to carry out long cherished personal goals. Best days: Saturday, Thursday.

AQUARIUS (Jan. 21-Feb. 18): You may require some time to yourself to recover from the social pace of the pre-holiday period. A shopping trip or evening out with spouse or loved one can boost your morale. Avoid crowded social activities. Best days: Sunday, Monday.

PISCES (Feb. 19-March 20): Moon in your sign is a time for reflection, making plans for 1974. The new year can be an exciting and satisfying period for those born under your sign. Follow your own intuition and keep your commitments to yourself. Best days: Saturday, Tuesday.

WAYNE T. ZOLL

Marine PFC Wayne T. Zoll, son of Mr. and Mrs. Leroy F. Zoll of Route 1, Broadway Ave., Antioch, Ill., visited the Netherland Antilles Islands while deployed with a Marine battalion landing team. He is participating in amphibious training exercises in the Caribbean.

A former student of Antioch High School, he joined the Marine Corps in January 1973.

A Special Merry Christmas

The simplicity of children makes them very receptive to love. And to God.

In the Christian Science Sunday School, children learn that God is Father and Mother to us all. They learn that all mankind belongs to one spiritual family—and how this truth draws members of an individual family closer together.

We would love to meet you and your family this Sunday.

Devilish Ham & Cheese Yule Log

"Tis Christmas, the merry-making time of the year, and the peak of the season for home entertaining. Whether you're offering warmth and refreshments to strolling carolers or rewarding treats for tree-trimmers, a festive ham and cheese log is just what Santa ordered.

Created with the holiday hostess in mind, it takes little time to prepare. The deviled ham makes a delicious, nippy filling that blends oh so nicely with the cheeses. Try it on your guests. It's a jolly good way to say, "Merry Christmas to all and to all a good night."

DEVILISH HAM AND CHEESE YULE LOG

2 8-ounce packages cream cheese, softened
2/3 cold pack cheese food (Wispride)
2 4-1/2 ounce cans deviled ham
1/4 cup chopped chives

In a mixing bowl, combine 1 1/2 packages (12 ounces) cream cheese with cheese food. In another bowl, combine remaining cream cheese, deviled ham, chili sauce, onion, salt and pepper. Chill both mixtures slightly. On a piece of waxed paper, spread cream cheese-cheese mixture into a 9 inch x 7 inch rectangle. Cover this with deviled ham mixture. Starting from shorter edge, roll up tightly jelly-roll fashion, using waxed paper to help shape the log. Press chives into the outside of the log. Place on a serving plate. Cover and chill for at least 2 hours before serving. Accompany cheese log with assorted crackers.

VETERANS INSURANCE DIVIDENDS HIGHEST EVER

Record high insurance dividends for veterans of World Wars I and II who have continued their government insurance were announced today in Washington by the Veterans Administration. The dividends exceed last year's amount by \$6.8 million.

Dividends are paid automatically on the anniversary date of the policy and veterans need not apply in order to receive them.

The individual dividend is determined by the particular plan of insurance held by the veteran, amount of the policy, age of the insured and age of the policy. The dividend will range from a few dollars to several hundred dollars.

For A Succulent Stuffing

Fresh from harvest and delectably ripe, cranberries are bountifully back to bring delight to fall and holiday menus. At their peak of perfection, it's a good idea to buy all you need now and freeze some for your holiday cooking ahead. Cranberries are a snap to freeze and keep. Just pop unopened boxes into your freezer. When ready to use, simply rinse, drain and use as your recipe directs.

CRANBERRY BREAD STUFFING

(Makes 2-quart casserole or 9 x 5 x 3-inch loaf)
8 cups 1/2-inch bread cubes, lightly toasted
1 cup Ocean Spray fresh cranberries, halved, rinsed and drained
1/2 cup pitted chopped prunes
1/2 cup finely chopped celery
1/4 cup finely chopped onion (1 medium)

Mix together toasted bread cubes, cranberries, prunes, celery, onion, salt and poultry seasoning. Sprinkle with melted butter and toss to blend. Spoon mixture into a heavily greased 2-quart casserole or 9 x 5 x 3-inch loaf pan. Beat eggs and chicken broth until well blended. Pour mixture over bread. Bake in a preheated moderate oven (350°F) for 1 hour or until firm. Loosen edges and unmold. Cut into slices and serve with chicken, turkey or ham.

HOMER WHITE ATTENDS FEDERAL LAND BANK ASSOCIATION ANNUAL MEETING

Re-election of all six board members and selection of a nominating committee to go into action for the 1974 annual meeting launched the newly-organized Federal Land Bank of DeKalb-Woodstock last week.

About 425 people attended this first annual meeting of the farmer-owned cooperative which was developed through the merger of two strong Federal Land Banks, the FLBA of Woodstock and the FLBA of DeKalb effective November 1.

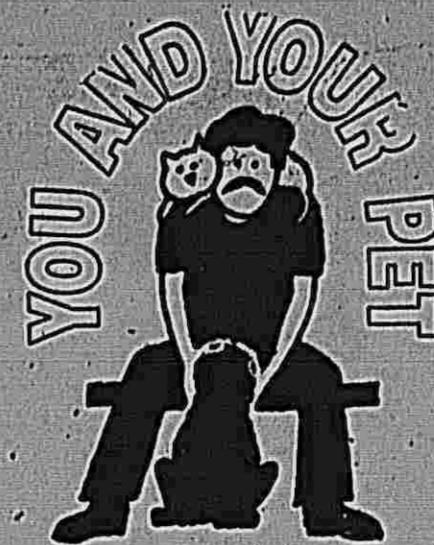

At that time the two Associations held special stockholder meetings to choose directors for the new cooperative. "A stronger financing program for farmers and availability of more manpower will be one immediate benefit of this merger," Frank Meyers, Belvidere, president

of the new Association, said in summarizing the importance of the united effort.

The new FLBA of DeKalb-Woodstock will serve farmers in seven counties: Lake, McHenry, Boone, DeKalb, Kane, DuPage and North Cook.

Directors re-elected include Edward Arndt, Malta, and Gene Simes, Hebron, one year each; Frank Meyers, Belvidere, and Alvin Warren, Leland, two-year terms each; and Edgar Kirchoff, Harvard, and Bennett Shoop, Kaneville, three-year terms each.

Members attending this first annual meeting at Elgin chose the following nominating committee: John Bridger, Clare; Robert Cruise, Waterman; Joseph Greek, DeKalb; David Cash, Harvard; Homer White, Antioch; and Donnie Johnson, Poplar Grove.

With A "Stern Eye"

Upon tallying the recent vote to consolidate the 1974 Elections

Deck the halls with faith and holly
Sing with jubilation;
Lake Countians rejoice--be jolly--
We've got consolidation!
A better Yule we'll never know
Two hundred grand's the ticket.
The County Board came through at last,
That final sticky wicket.
Trim tinsel round those grand grey heads
of Smith and Peers, and Murrie;
And hold the mistletoe aloft
O'er Grantar and o'er Geary.
True to her trust was Berliant;
And Mari E. Sabato;
That Janet Morrison, dear friends,
Is really some tomato!
Bill Lea was on the phone, I hear.
And couldn't vote--but would have:

But Helen Amendola ayed
As loud as Balen could have.
Raise the wassail for Sam Payne
And Pekol and Miholic,
For Tersar (Frank) and Bertha O.,
Bring drinks more alcoholic.
Booze up the fruitcake for Mike Graham
For Dassing and Don Morris.
Keith Pederson and Chairman Coles
Have earned a special chorus.
For Harry Robin, hoist the brew.
For Hayward torch the log;
I'd buy Bob Weismantel a milled
And spicy Christmas grog.
Each one from Districts one, two, three
And each from four and five
Said "Aye" when each's name was called.
And no one took a dive.
Finance Committee's Chairman, Bell,
Bore in the flaming pudding;
"I urge its passage" he intoned
And never lost his footing.
Each one stood firmly for the count
Not one was pusillanimous
It was their Christmas gift to you
-and me; it was unanimous!

Virginia yes, there surely is
A Santa Claus, my dear.
But there's no encore he can plan
To pass this mark next year...
Merry Christmas from a grateful County Clerk...

Antioch. Refreshments and card playing will follow.

Regular meetings of the AARP are held on the 2nd and 4th Tuesday of every month.

make my dog's coat gleam." The average dog needs a maximum of 10 percent fat in his diet. An excess will probably make him ill.

As to the right way to feed your dog, the key is a balanced diet. And since most important food substances are not stored in a dog's body for any extended period, the proper nutritional balance should be maintained at every meal.

One way to insure maintenance of a proper balance is to serve your dog ready-to-eat food made by a reputable manufacturer. Your veterinarian can suggest possibilities.

There are three basic types of dog food: dry, moist, and canned. Many people think that dry foods are cereal and the canned foods are meat. This is not true. Canned foods that are completely meat are not "dog food" in the sense that they do not provide a complete diet.

There is no precise way to determine how much to feed your dog. One way to get an idea is to watch the dog as it eats. If he leaves his dish while there is still food in it, or if it stops eating to gaze off into space, the chances are you are feeding too much.

A good rule is to let your dog eat for 30 minutes and then pick up the dish and dispose of the uneaten portion. Feed it less the next day.

Many grown dogs require only one meal a day. If they are fed twice, they will be eating more than they require. Similarly, between meal snacks merely spoil a dog's appetite. Snacks also tend to make your pet an annoying "beggar."

As for care of dog food, the rule of human consumption should be followed: frozen food should be used soon after thawing; milk should be kept refrigerated; unused canned food should be kept refrigerated in a jar or plastic container.

HEARING SET ON HOME MORTGAGE INTEREST CEILING

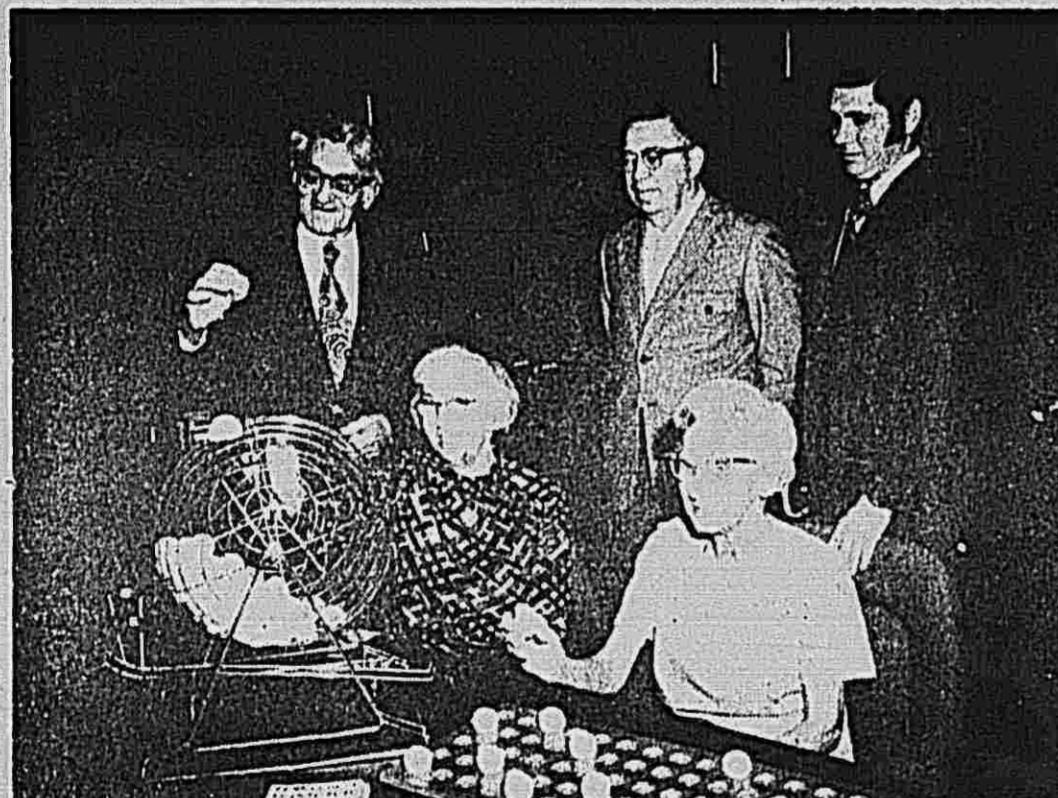

State Senator Karl Berning, Republican of the 32nd District, announced recently that a subcommittee of the Senate Insurance and Financial Institutions Committee has been established for the purpose of holding hearings throughout the State on the subject of increasing the maximum rate of 8 percent provided for in the Illinois Usury Law.

The subcommittee has scheduled hearings for January 10, in Room 212 of the State House in Springfield; January 17, in the Commerce Commission Hearing Room of the State of

Illinois Building in Chicago; and January 24, at the Louis and Clark Motel in Wood River. All of these hearings will begin at 9:00 a.m.

Additional hearings will be held January 31 in Dixon and February 7 in Champaign. Details on these meetings will be announced at a later date.

The main purpose of these hearings, according to Berning, is to receive testimony from individuals concerned about the problems presented by the minimum 8 percent Illinois Usury Law.

Antioch Chapter 387 of American Association of Retired Persons enjoyed a first run of their new complete Bingo Game presented to the association by the State Bank of Antioch at the AARP Annual Christmas Dinner held on Tuesday, December 11th. AARP officers shown are seated left: Ragnild Pedersen, Treasurer, and Mildred Carr, Secretary. Standing left: Clarence Spiering, Past President, William R. Wild, Vice President and State Bank Assistant Vice President, Tony Starcevic who made the presentation. Not present at the dinner due to illness, Harry J. Dietz, President and Esther Aiani, 2nd Vice President.

AARP RECEIVES BINGO GAME

A large punch bowl surrounded by a variety of snacks started off the annual Christmas festivities at the AARP of Antioch Chapter No. 387, on Tuesday, December 4 at the Moose Hall on Main Street.

The meeting was opened by William Wild president pro tem. Lorraine Berndt gave the invocation and after dinner Violet Feldmann, Asst. Program Chairman led the group in singing Christmas carols.

A large bingo set donated by

the State Bank of Antioch was presented to AARP by Mr. Tony Starcevic. Mr. Clarence Spiering, past president, accepted for the group.

The reflection of the holiday spirit was everywhere as each member received 2 gifts besides the many gifts that were distributed throughout the afternoon while playing the exciting game of bingo.

The first meeting of the new year will be held on January 8th at the Moose Lodge in

WINS WARDROBE FOR HUSBAND. Mrs. John Eder, Route 2, Antioch, looks over some of the selection of clothes at B-J's Fashions for Men. Mrs. Eder won a complete set of men's clothes in a recent contest at the store. Salesman Tom Robinson shows a sport coat to see if Mrs. Eder thinks her husband will like it. Mrs. Ray Fowles of Lake Villa was also a winner, picking out clothes for her husband from B-J's Closet. (Staff photo)

STAGE SET FOR FUTURE VILLAGE PROJECTS

Continued From Page 1

cated task. Whoever does the job, he explained, must search through years of Village Board minutes, and copies of ordinances, to find all the applicable laws in a given area. After it is determined which sections are still in effect and which are outdated, he continued, a proposed complete ordinance is drafted for passage. This procedure, according to the attorney, must be done for each area of concern on which codification of ordinances is desired.

After further discussion, the trustees requested the Clerk to investigate the various possibilities for making some progress in this matter.

In other action, the Board:

- authorized Building In-

spector Walt Delaney to sign a permit application from Frank Benes, general contractor, for a \$60,000 addition to the Regal China plant on North Avenue. The 11,000 sq. ft. addition will be built at the northwest corner of the existing structure.

-- hired the Chicago legal firm of Ancel, Glink, Diamond and Murphy to do research in connection with the revision of sewer and water connection fees. The Village will pay the lawyers, who are specialists in the municipal law, at a rate of \$60 an hour. Trustee Marge Nelson cast the only dissenting vote.

-- approved the bid of Antioch Sheet Metal Co., totalling \$1,300, for air-conditioning the Rescue Squad building.

COUNTY CLERKS OFFICE CLOSES ON SATURDAYS

Grace Mary Stern, Lake County Clerk, announced today "with regret" that because of the energy crisis the County Clerk's office will no longer be open on Saturdays, "at least for the duration."

Instead the Clerk's office will remain open an extra three hours on Friday nights--until 8 o'clock. "We hope to be able to transfer the service we were able to give on Saturdays--and it was our busiest day-to-Friday evenings," she said. "Apparently the expense in fuel and electricity is less if we stay open at the end of the a regular work day than if we reopen on Saturday morning."

The office will serve those who wish to redeem delinquent tax, those who are applying for a marriage license ("and we shall continue to have a clergyman available during that period") and for those who wish to register to vote. "When you think how hard a

fight we had to open up those extra three hours in the first place, it seems a shame. But there it is!" she said.

Mrs. Stern added that if it is impossible for those who need a marriage license to get in during the open hours, special arrangements can be made by calling ahead. "But the three extra hours on Friday night should serve as well as the Saturday hours if we can just get the word out."

CHANNEL LAKE CHATTER

Denny and Diane Swanson returned to the Wagon Wheel in Rockton, Illinois to celebrate their second wedding anniversary. This happy couple spent their honeymoon and first anniversary at the Wagon Wheel and even managed to get the same room. Diane is the sentimental one about this yearly trip and hopes to keep returning every year. Congratulations you two.

Well, has everyone shoveled out from our snow storms last week. The day off from school left some very disgruntled mothers with happy children playing in the snow, only to be dried out over and over. Haven't heard too many complaints from our many area snowmobilers but our many hockey playing kids are very unhappy. It seems all this snow has ruined the ice.

The Antioch School cooks and secretaries enjoyed a delicious dinner at Kelly's Shantytown in Trevor, Wisconsin last Wednesday evening. The food was fabulous and the gift exchange afterwards was a lot of fun. The 20 ladies that attended had a great time and wasn't it nice of Mother Nature to give us the next day off.

It's very good to see Carl Beitzel out and getting around after having emergency surgery three weeks ago. Carl had an ulcer burst and came very close to death but is now well on the mend thanks to the quick work at St. Therese Hospital and his good friends Tom and Dorothy Chase for getting him there in time. Get well quick Carl, your snowmobile is waiting.

The Channel Lake Christmas program will be held in the school gym on Thursday evening at 7:30 p.m. The children having worked very hard with their teachers to make the program a huge success. Cookies, milk and coffee will be served afterwards and the cookies will be

RICHARD GOOD IS NEW PATROLMAN

Richard Good, a life-long resident of Antioch, is the newest member of the Antioch Police Department. Good, age 28, was approved by the Village Board Monday night, on the recommendation of Police Chief Jack Wells and the Board's Police Committee.

A graduate of Antioch High School, Good served four years in the United States Navy. Prior to joining the Antioch force, he has been Lake County Sheriff's Deputy for five-and-a-half years.

His training in police work, besides various inservice programs and seminars with the Sheriff's Department, includes completion of a six-week, 240 hour police training course at the University of Illinois.

Good has been an active member of the Antioch Rescue Squad for the past two years. He will maintain his status with the Squad during his off-duty hours.

homemade by the mothers of the students.

The Antioch High School Band and Chorus Christmas Concert held last Sunday nite was one of their finest and enjoyed by a full house. They had the best turn out in a long time.

Hear tell Santa will be at Mr. Wonderful's next Sunday to listen to the kids so be sure to take them down to see him. This will be the second year Santa has been there to see the children.

The 4-H Christmas pot luck supper was held at the Ingleside Fire Station last Wednesday nite. The parents and children enjoyed a delicious supper and the skits put on by the children afterward were very good. Receiving county and state horsemanship awards was Kathy Chase while brother Paul won the county award.

Heard that Chase's wrecker was called to pull a snowmobile out of the swamp over the weekend and the driver wishes to remain anonymous.

GEORGE BURDITT ANNOUNCES FOR U.S. SENATE

Former State Representative George M. Burditt, of LaGrange, announced recently that he will seek the Republican nomination to challenge Adlai Stevenson for the office of United States Senator.

Burditt said that he had received encouragement to re-enter political life from numerous leaders of the party throughout Illinois, including Senator Charles Percy, former governor Richard Ogilvie, Attorney General William Scott, and all 14 Illinois Republican members of Congress.

Burditt, 51, who is a lawyer by profession, was a member of the Illinois House of Representatives from 1965 to 1972, when he decided not to seek re-election. He was Assistant Majority Leader in 1971-72. During the past year, he was appointed by Democratic Governor Dan Walker to serve on the Illinois Board of Ethics and the Illinois Liquor Control Commission.

In announcing his candidacy, Burditt said that he is an

"action man of integrity" who wants to get back into government, "to give the citizens of Illinois an opportunity to say, 'Maybe politicians aren't so bad after all.'"

THINGS YOU MAY NOT KNOW ABOUT CONSERVING ELECTRICITY.

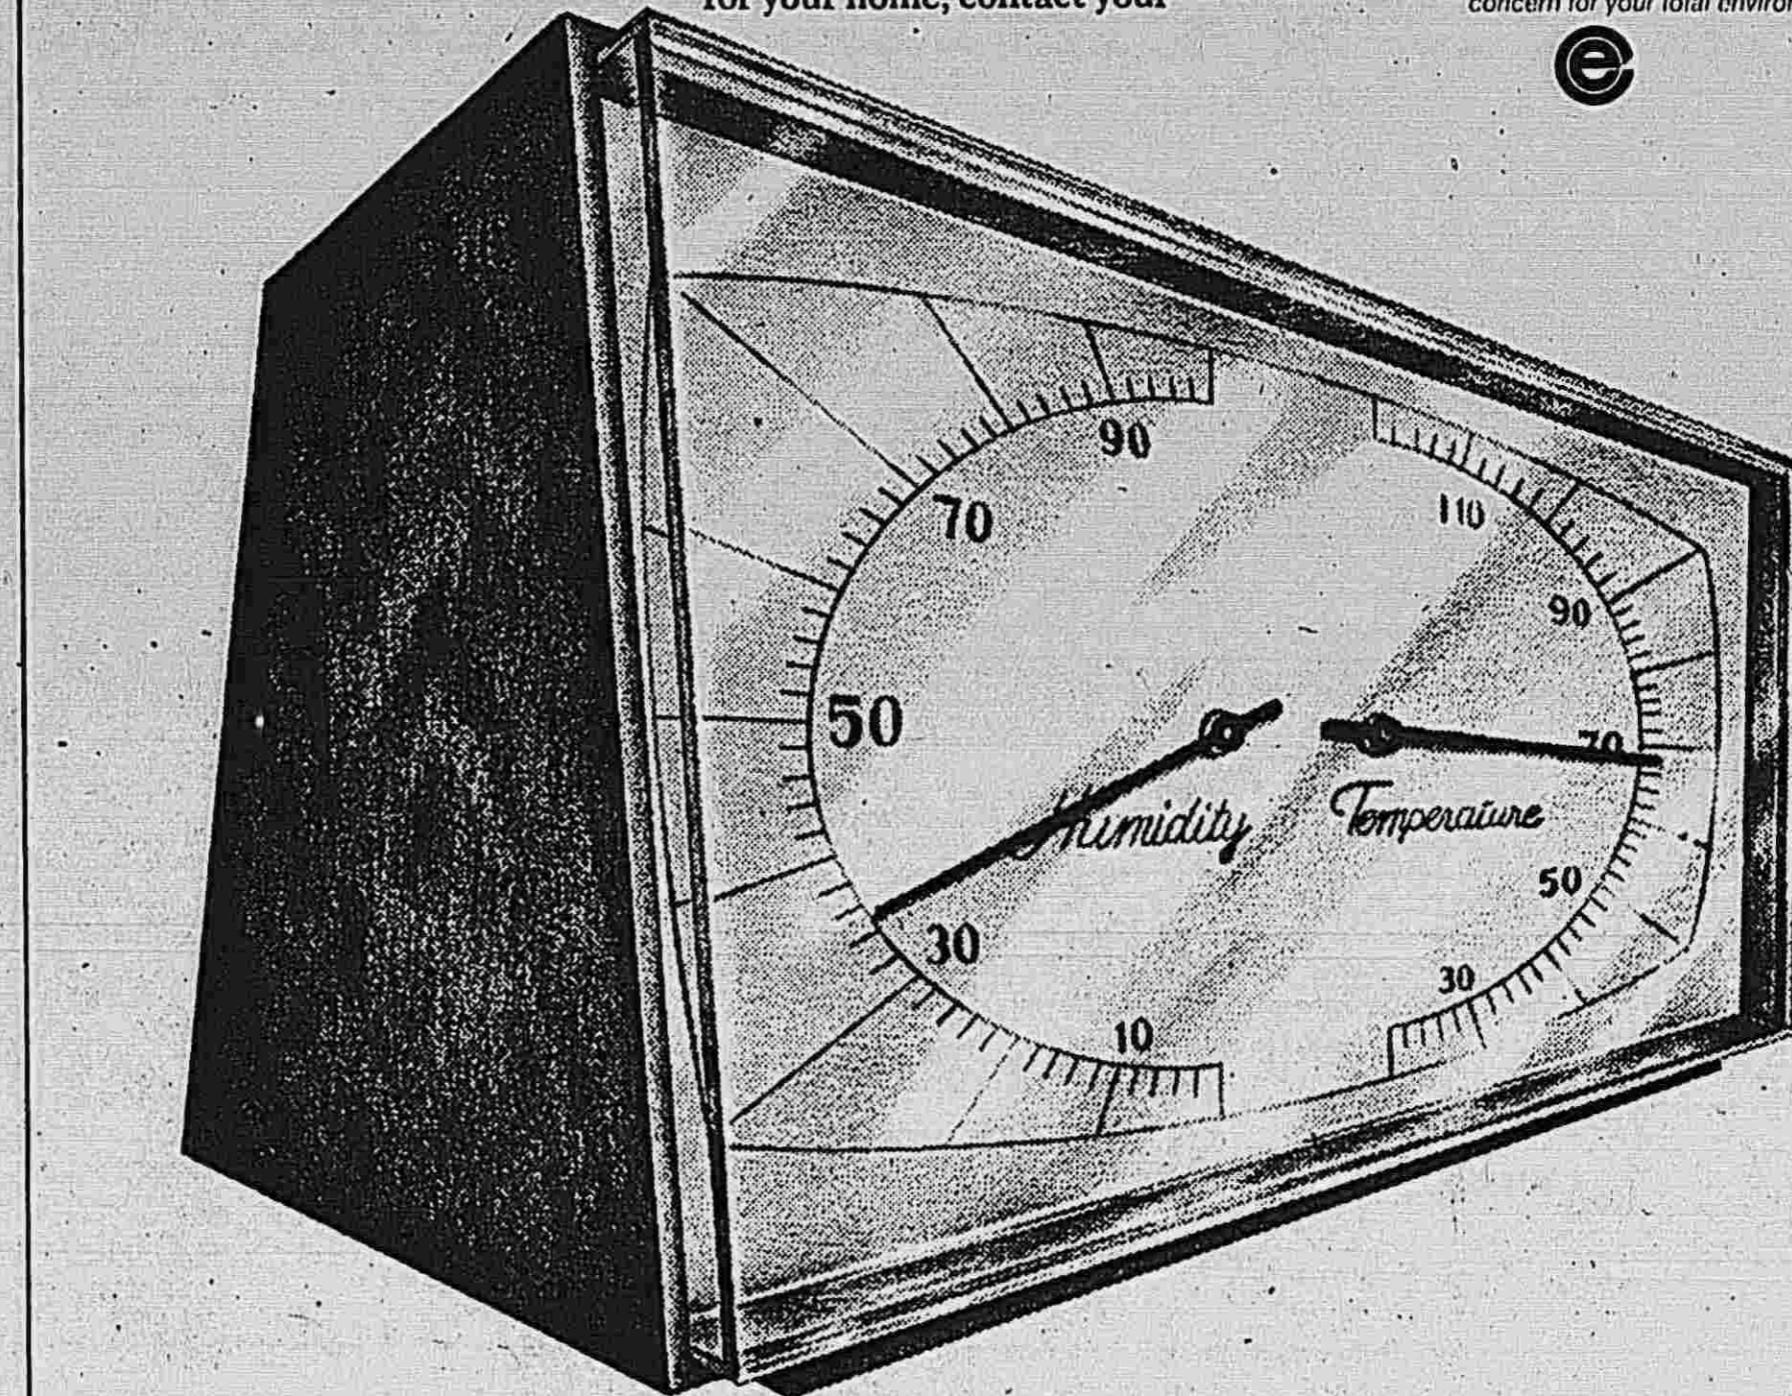

How a humidifier can help you save fuel.

When the air in your home is too dry, you feel colder because the moisture on your skin evaporates faster. To keep warm you may raise the thermostat. But the higher your thermostat setting the higher your fuel bill. With a higher humidity, most people are comfortable at a lower temperature. For every degree not needed over 68, you can save as much as 3% on your heating

bill. If you keep your thermostat set at 68 degrees instead of 72 degrees, you can save over 10% at the lower setting. This principle applies essentially to all heating fuels—electricity, gas or oil. Humidifiers are available in either portable styles or, for warm air heating systems, there are permanently installed models. To find the correct one for your home, contact your

heating contractor, department or appliance store. We have a booklet that covers heating as well as other areas where you can conserve energy. We'll send a copy of "101 Ways to Conserve Electricity at Home" to you free. Just write Commonwealth Edison, Department AV, P.O. Box 767, Chicago, Illinois 60690.

**'74 RACING RULES
AVAILABLE IN
EARLY JANUARY**

The one-quarter mile paved Waukegan Speedway will open its 25th season Saturday night April 6th with the quick late model super stock division in action. In May the 'super stocks' will switch to Sunday nights and the late model sportsman will race on Saturday nights.

Promoter Gordon Sill announced the 1974 rules will be available in early January and new drivers may obtain copies by writing the Speedway, 3305 W. Washington Street, Waukegan, Illinois, 60085. The rules will be very similar to the '73 regulations. Mufflers will likely be required on all entries.

Last fall the track received many improvements including new washrooms. Most of the buildings and bleachers have been repainted and improvements are underway in the parking lot.

The 1973 season saw three champions crowned with Chicago's Bob Roper winning 19 events including seven main events in the late model super stock class to become the new champion there. Roper drove the Troy Robinson 1972 Chevall No. 5 most of the season.

J.P. Gatti, Jr., of Wheeling only won three feature races on his way to the late model sportsman championship. He won 11 races total this year for owner Bob Wagner in his 1969 Camaro No. 7. Jack Hemmings of North Chicago finished on top in the hobby division.

Tom Jones of Northbrook and Gatti shared the 'Most Popular Driver' honors and officials named Roger Hacke of Waukegan, Dennis Topcik, of Waukegan and Ed Dunne of Island Lake 'Rookies-of-the-Year'. Pitman Roy Browning, injured in the final night's races, was released from the hospital after a nine day stay.

The Waukegan Speedway is a member of the A.M.S. and supports its legal battle against the new noise pollution regulations.

Emmons downs Big Hollow

In its season opener Emmons School easily walked past Big Hollow 52-14.

Tracey Sodman hit a base line jump shot with only a few seconds gone and Emmons had the lead for good. The lead expanded to 12-4 by the end of the first quarter.

Bill Dubek added ten points during the second period, while his team-mates counted for 8 to outscore Big Hollow 18-5. This opened up the margin to 30-9 for the halftime intermission.

Emmons ended the game with three players in double figures. Dubek led with 9 for 16 and 18 points, while Sodman hit on 50 percent of 10 shots for 10 points and John Eder went 8 for 11 and 16 points. Dubek also led in rebounds with 13

and assists with 6, while Sodman added 6 rebounds. As a team Emmons shot an amazing 26 of 53.

On the seventh grade level, Emmons' Nick Carl led all scorers with 13 points. Roger Plechay added 8 for the Raiders and Bill Lauter contributed 8 for the losing Warriors.

The B-Team Raiders won handily 31-14.

ANTIOCH VARSITY WRESTLING

The Antioch Varsity Wrestling team competed in four meets last weekend and came away with two wins, a loss and a tie.

The Sequoits traveled to Round Lake Friday night and defeated the Panthers 30-16. Gaining pins were Dennis Thain 112, Mark Mohar 155, and Art Meyer Hwt. Winning decisions were Dave Severson 105, Scott Shaffer 119, Dirk Dietz 126, and John Meyer 138. This now makes the varsity conference record 2-1.

Saturday Antioch hosted a triple dual Saturday afternoon with Kenosha Bradford, Janesville Craig two Wisconsin schools and Rockford West High School. In the first meet against Rockford West, Antioch won 43-12, winning 10 matches and losing only 2. Against Kenosha Bradford, the meet was close throughout. Antioch took an early lead and held it until the 7th match at 138. Bradford won here to tie

the meet at 13-13. The lead changed hands once more before Antioch was beaten and tied in the last two matches leaving the final score 24-24. Antioch's last match was against Janesville Craig and the long afternoon of wrestling began to show on the Sequoits. Trailing 26-17 with two matches to go Bill Beese pinned his opponent to make the score 26-23. Art Meyer the Antioch Heavyweight had to pin his opponent to win the meet. Leading in the match Meyer in trying for the pin was reversed to his back and lost. It was an exciting end to a long day of wrestling.

The outstanding wrestler of the weekend was Dennis Thain at 112 lbs. He won 3 of his 4 matches on pins and the fourth on an injury default. Other outstanding varsity records are: Dave Severson 105 6-3; Dennis Thain 112 7-1-1; Scott Shaffer 119 9-0; Bill Beese 8-1.

SOPH MATMEN WIN

The Antioch Sophomore Wrestlers notched four wins this past weekend to run their season record to 9 wins and 0 losses. The wins were over Round Lake (44-11), Rockford West (43-11), Kenosha Bradford (40-18), and Janesville Craig (30-27).

Sequoits that are leading the team to this point are: Greg Nordstrom (9-0), Robin Aerne (8-0), John Davis (6-1), Dick Kessler (6-1), John Poernich (6-2), and Mike Walsh (6-2). Grant Jorgensen, Dave Bogaerts, and Tom Ingoglia were cited as showing the greatest improvement the last several meets.

The Soph Grapplers are home against N.W.S.C. foe Wauconda this Friday, Dec. 21, 1973 beginning at 6:45 p.m. On Saturday, Dec. 22, 1973 the Sequoits will be at home for the Antioch Invitational Sophomore Wrestling Tourney beginning at 9:30 a.m.

Antioch Sophs at Round Lake

Final Team Score: Antioch 30 - Janesville Craig 27.

ANTIOCH MEETS GUILFORD IN ROCKFORD HOLIDAY TOURNAMENT

The Rockford Classic Holiday Tournament will be held on Dec. 26-29 at Rockford Boylan High School. The pairs for the tournament were released last week, with the Antioch Sequoits going against a strong Rockford Guilford team. The Sequoits will play on Wednesday, Dec. 26 at 8:30 p.m.

The tournament favorites are Rockford Guilford, Urbana, Lincoln and Thornwood, with Antioch, Rockford, Auburn and Zion-Benton rated as dark horses.

Urbana has the best record to date 6-0, with a win over highly rated Bloomington, Thornwood and Rockford Guilford are 6-1, with Thornwood beating highly rated East Aurora. Lincoln was one of the "elite eight" last year at the state tournament. In all, the tournament is a very strong

one this year with at least five teams being rated in their area "Top 10".

"It's a real pleasure for us to be invited to this caliber of tournament, I am sure our team this year can do as good a job or better than we have in the past," said Coach Roger Andrews.

The Sequoits play Dec. 26th at 8:30, if they win, they will play the winner of the Zion Benton-Geneva game on Dec. 28 at 7:00 p.m. If the Antioch cagers lose their first game, they would play at 11:00 a.m. on Dec. 27th.

The list of teams in the tournament are: Rockford Guilford, Rockford Auburn, Rockford Brylan, Rockford Jefferson, Rockford Harlem, Chicago Fenger, Geneva, Urbana, Antioch, Princeton, Lincoln, Winnebago, Joliet Catholic, Dixon, Thornwood, and Zion-Benton.

SOPHS STRETCH WIN STREAK TO THREE

Jeff Eder - 8 and Tom McAvoy

- 2.

McHenry game scoring: George Ferguson - 16, Scott Kimball - 15, Jon Bodin - 11, Jeff Eder - 6, Tom McAvoy - 2.

According to Coach Allen, the Antioch Sophs are improving with each game. The rebounding of George Ferguson and Scott Kimball and the aggressive floor play of Jon Bodin, Jeff Eder, Tom McAvoy and Bob Dubek have been the

strong points of the team.

In the first Sophomore "B" game of the season Antioch defeated Round Lake by a score of 62 to 14.

Antioch travels to Wauconda for a conference game this Friday evening. The Sophs will be in action over the holidays in the Zion-Benton invitational Sophomore tournament. Antioch plays North Chicago at 2:30 on Wednesday, December 26.

TWO POINTS SAIL IN. Coming off the hands of Antioch's Mark Andrews (34), the basketball finds its way home, to aid the Sequoits 69 - 42 victory over Round Lake Friday night. Looking on for Antioch are Russ Albano (left) and Mike Gutowski (right). (Staff photo)

STRETCH FOR REBOUND. Mark Andrews (34), another unidentified Antioch player, and a pair of Round Lake players all have their eyes on a possible rebound in Friday night's contest. Antioch ran away with the game, beating the Panthers 69 - 42. (Staff photo)

SEQUOITS WIN TWO

It proved to be a great weekend for the Antioch Cagers, as they won two games, beating Round Lake at home 69-42 and then beating McHenry at McHenry 73-59. The cagers displayed some excellent basketball, great rebounding, super defense, and very good team offense.

In the Round Lake game, the Sequoits moved out to an early lead and by the end of the first quarter were in command 20 to 11. Late in the second quarter, with the Sequoits leading by 16 to 20, coach Roger Andrews started to substitute. As the first half ended, the Antioch team lead 38 to 24.

The third quarter was the killing quarter as the Sequoits held Round Lake to only 5 points, while pouring in 23 points for themselves. Mike Perrone led the scoring parade with 5 baskets in the quarter with only 2 minutes left in the quarter, all the starters were on the bench cheering the subs on. The subs then finished out the game, as the Sequoits held command of the whole game.

Mike Perrone led all scorers with 22 points and also grabbed off 11 rebounds. The Sequoits had 3 players in double figures and 12 players contributed to the scoring.

In the McHenry game, the Sequoits started fast with a quick 8 points, only to see McHenry turn the quarter around and finish the quarter with an 18 to 15 lead. Some excellent outside shooting of Buss and Himplemann helped McHenry with their surge.

In the second quarter, the Sequoits went cold from the field hitting only 3 of 12 shots, but their good defense kept them close, as the half ended with McHenry leading 31 to 25.

The second half was all Antioch, as the Sequoit cagers outscored McHenry 48 to 28. "It was really a super half," stated coach Andrews. "It was by far the best half of basketball any Antioch team has played for me," he added. Andrews was elated with all aspects of play and said, "The whole team played super."

great passes, great defense and rebounding - wow! The boards were controlled 26 to 7 in the second half by the Antioch cagers. McHenry has a very good team, but the Sequoits really over powered them and came home with a sweet victory."

The victory moved the Sequoit season record to 5 wins and 2 losses.

The McHenry game was one of great balance as all starters hit the double figures in scoring and each also helped greatly with many rebounds.

As the Sequoits head into their last game before the holiday tournament, coach Andrews made these comments about the team, "The team is getting real hungry for good basketball, which leads to victories. They are jelling together very well; with the juniors improving each day. The experience of the seniors steadies the team and the team

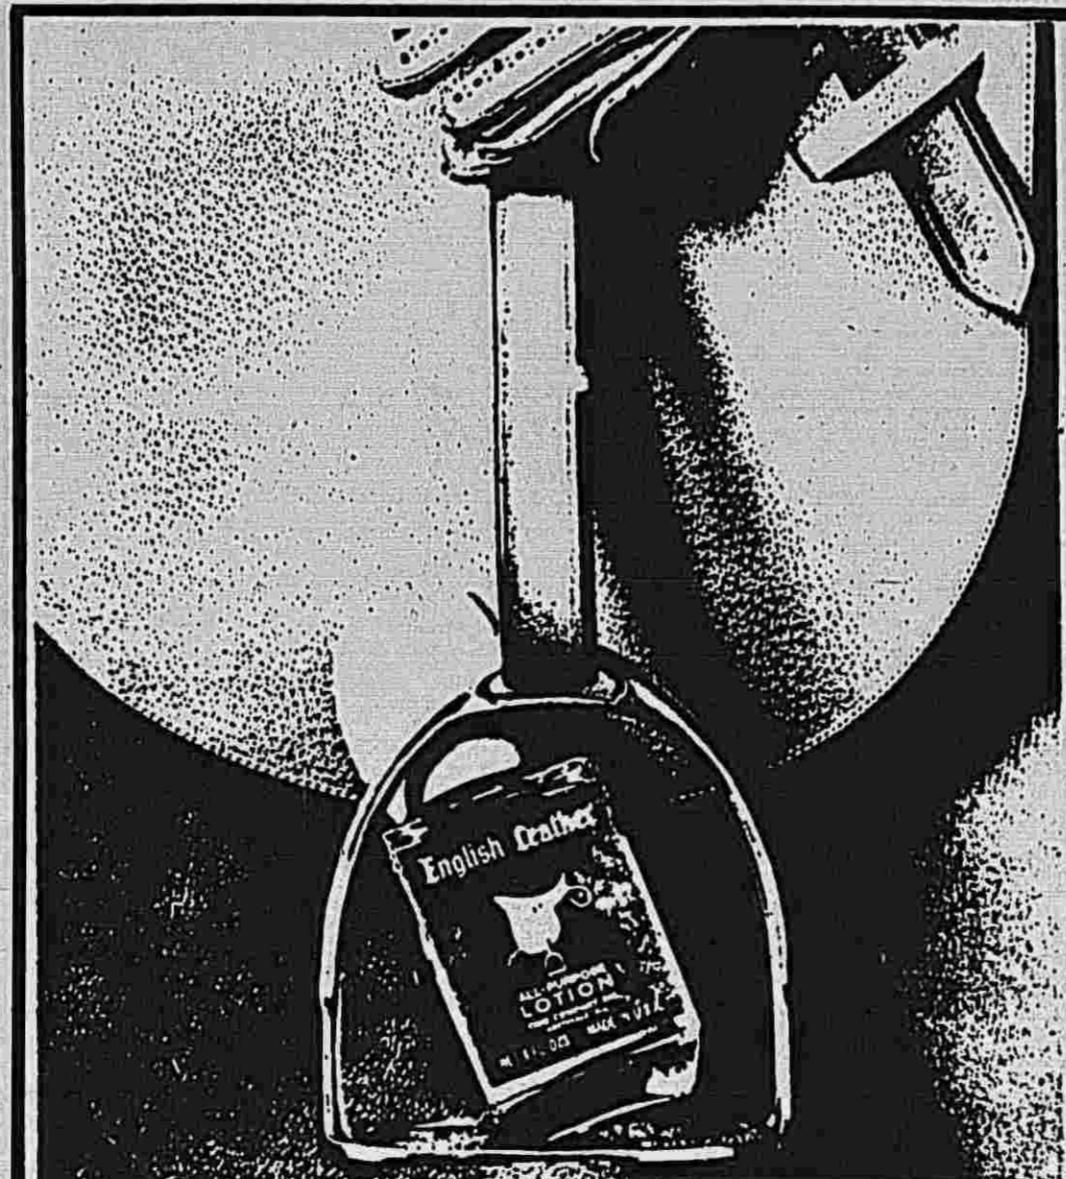

has great scoring, rebounding and passing balance. This could be one of Antioch's finest teams, its team balance is super."

SOPHOMORE INVITATIONAL WRESTLING TOURNEY

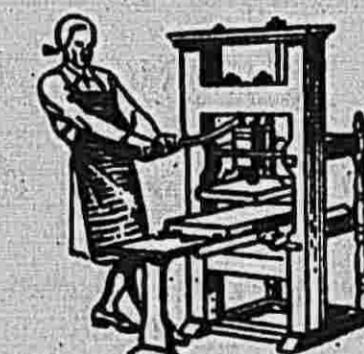

On Saturday, December 22, 1973 Antioch High School will host the annual Antioch Sophomore Invitational Wres-

tling Tournament. Besides the Antioch Sophomore Sequoits, teams from Glenbrook North, Highland Park, Aurora West, Grant, Irving Crown, Warren and Lake Forest will be represented.

Tourney Time Schedule: 9:30 a.m. Preliminaries; 12:00 noon Semifinals and Wrestle-back; 2:30 p.m. Finals.

The Sequoits placed third in the tourney last year behind rugged West Aurora and Glenbrook North. Wrestling will begin at 9:30 a.m. and all spectators should enter through the east doors at Antioch Community High School.
